

# Parley Government May Be Filed No Alternative Seen if Accord Is Not Reached

## Statistics Show: Living Cost Index Hits Highest Peak

OTTAWA, May 6.—(CP)—The cost-of-living index in Canada at April 1 was higher than at any time during the war, the Dominion Bureau of Statistics reported Sunday.

THE BUREAU said its official cost-of-living index, the basis 1955-1959 equals 100, advanced from 120.1 at March 1 to 120.8 at April 1. The index slightly exceeded the wartime high level of 120.5 recorded in August, 1945.

The bureau said the principal part of the increase came from the food group, which rose from 123.1 to 123.7. Price increases for butter, pork products and vegetables were mainly responsible.

Home furnishings and services rose from 120.4 to 120.7, clothing from 123.1 to 123.2 and miscellaneous items from 120.0 to 121.0. Fuel and light remain unchanged at 116.2 and rental at 112.3.

## Seek Way Out Ottawa to Study Parley Deadlock

OTTAWA, May 6.—(CP)—Federal officials are expected to start almost immediately a sifting of proposals and counter-proposals made at the Dominion-provincial conference to see if there is not some basis for common agreement which might be put forward at an early date.

THE FEDERAL authorities have said there are three possibilities they will have under study in the conference breakdown Friday. One possibility was that of agreement with all provinces except Quebec and Ontario.

Support for such a plan came Saturday from Premier Garson of Manitoba, who said in a statement that it was "calamitous" for Canada that the Ontario and Quebec governments had not continued with the others in seeking a compromise with the seven provinces which

## For City Clubs Ducey Securing Baseball Talent

Exclusive to The Edmonton Bulletin  
SAN FRANCISCO, May 6.—Three outstanding stars were signed for Edmonton's new semi-professional baseball league here Sunday when John "Lefty" Ducey got the signatures of Gino Valenti, Howard Peers and Arnold Martins on the dotted line.

Valenti is well known to Edmonton baseball fans, after three years of starring in the outfield with U.S. Army Yanks in the Alberta capital's city league, but the other two will be new faces to Renfrew Park fans.

Peers is a catcher with the Stockton Calif. club, while Martins, a shortstop who is the property of the New York Yankees, has been with the Twin Falls Idaho club.

JOE DEVINE, well known to Edmonton baseball followers as the former manager of Calgary Bronks in the Western Canadian League of the early 20s and now chief scout of the Yankees, is taking a direct interest in getting some outside young prospects for the Edmonton league and has already arranged for three pitchers.

## Family Wiped Out In B.C. Auto Crash

SOUTH WELLINGTON, B.C., May 6.—(CP)—A pleasure trip ended in the worst automobile disaster in Vancouver island's history about midnight Friday when eight persons, seven of them members of one family, plunged to death as their car hurtled through the rail trestle of the Nanaimo river bridge near here.

THE DEAD ARE: Mr. and Mrs. Leslie Allen, their four children, Dianne, 6; Dennis, 4; Derrick, 3; and Douglas, 1; Ora Stein, brother of Leslie, and Mrs. Kathleen Wyatt, his wife.

"There is no doubt all these people were in the car as it went into the river," said a spokesman of the Provincial Police said Sunday.

Diving operations yesterday failed to locate the death car and the pieces of wreckage were found scattered about the river, indicating the car had been badly smashed when it struck the rocky ledge before plunging into the water.

## Killer of Child Is Sought in East

MINAKI, Ont., May 6.—(CP)—Ontario provincial police last night sought the slayer of three-year-old Jean Smith, whose nude body was found by a search party early Sunday in a clump of bushes 100 yards from her home at this Lake of the Woods resort 170 miles east of Winnipeg.

No dirt clung to her feet, indicating she had been carried there. Her skull had been crushed by a blow or blows from an unknown weapon.

HER PARENTS, Mr. and Mrs. Herbert E. Smith, 31 years old, a nurse, had put the child to bed about 7 o'clock Saturday night. They left for a visit to Hotel Point near here, two hours later leaving the girl and a younger brother in the care of a maid, Aida Leide of Kenora.

The maid told police she had gone to her own room and had heard no noise until Mr. and Mrs. Smith returned. It was then the child's absence was discovered. A search party was organized and the body found shortly after midnight by Ray Gustafson.

## Royal House Denies Italian King Quits

ROME, May 6.—(AP)—The Royal house denied today that King Victor Emmanuel abdicated yesterday.

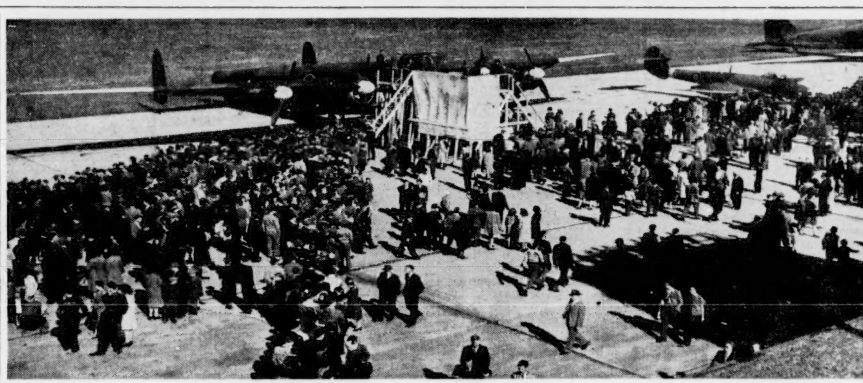

A French broadcast had reported that the Italian king abdicated after signing a decree in the presence of Pope Pius. The Rome correspondent of the Daily Telegraph of London reported that King Victor had signed an abdication decree and was "awaiting an opportune moment, probably this week to make his decision public."

## Housework Jobs Keep Veteran Busy

BOSTON, May 6.—(AP)—When ex-serviceman Harold Cohen lost a job in a leather plant he considered his five years in the army and extensive kitchen fatigue duty and decided to do "housework."

He inserted an ad in a newspaper offering to do any kind of house cleaning for one dollar an hour and so many calls poured in from greater Boston that the 25-year-old vet this week will have to hire assistants.

Edmonton youth problems discussed, Page 2.

EDMONTONIANS ENJOY AIR SHOW: Shown above is part of the large crowd that attended the air show at North West Air Command on Sunday when planes and equipment used in winter experimental work were placed on view. At the left is a Lincoln, the successor of the Lancaster, as a first-string heavy-duty, high-class bomber. At the left is a jet-propelled Gloster Meteor. (See story on Page 8.)

## Truman Asks Congress of U.S. For Enabling Legislation Americas' Military Collaboration Is Urged

WASHINGTON, May 6.—(AP)—President Truman asked Congress today for legislation authorizing a program of military collaboration with other American countries, "including the training, organization, and equipment of the armed forces of those countries." Canada was specifically included by the president in his proposal.

HE TRANSMITTED the draft of a bill entitled "The Inter-American Military Co-operation Act," and asked its enactment.

Declaring that the American Republics have assumed new responsibilities for their mutual defence and maintenance of peace, he said it was "highly desirable to standardize military organization, training methods and equipment as has been recommended by the Inter-American defence board."

Under the legislation, he said, the army and navy, in conjunction with the state department, would be permitted "to continue in the future a general program of collaboration with the armed forces of our sister republics with a view to facilitating the adoption of similar technical standards."

"CERTAIN ADDITIONAL training activities, not covered by existing legislation, would be permitted," the president said. "The president also would be authorized to transfer military and naval equipment to the governments of other American states by sale or other method."

"The collaboration authorized by the bill could be extended also to Canada, whose co-operation with the United States in matters affecting their common defence is of particular importance."

## Alaska Ice Pool Is Worth \$108,000

FAIRBANKS, Alaska, May 6.—(AP)—The ice in the Tanana river broke at 4:40 p.m. Sunday, and the \$108,000 pool will be divided between holders of four winning tickets, only one of them held by an individual.

Mike Johnson of Sitka, Alaska, held the single stub, which will mean \$27,000 cash for him.

THE OTHER THREE winning tickets were held by groups listed under the names of C. A. Forsell of Fairbanks, Lila Links of Anchorage, and The Federal Eleven of Anchorage.

Ed Stevens, a radio reporter from Fairbanks station KFAR, broadcast an eyewitness description of the breakup. He said the great ice jam formed Saturday night. As the mighty force of water formed behind it, the ice cracked, then started to move down stream, breaking the wire on the electrical time recorder.

## Says Russia Could Aid Food Situation Clear and Warmer Weather For City

TOKYO, May 6.—(AP)—"The whole world food situation would be greatly helped," Herbert Hoover said today, "if Russia would release to China and Korea a part of the food stuffs they have secured in Manchuria."

THE FORMER United States president and chairman of Japan's emergency famine committee made the assertion in a formal press conference statement which began:

"Japan must have some food imports. Without them all Japan will be on a ration little better than that which the Germans gave to Buchenwald and Belsen concentration camps."

## BASEBALL

AMERICAN LEAGUE  
First game—391 000 001—5 11 1

## Professor Elects For Speedy Trial

OTTAWA, May 6.—(CP)—Prof. Israel Halperin of Queen's University has elected speedy trial by judge, it was learned today a few hours before eight other alleged links in a Russian espionage network were scheduled to go before the Ontario supreme court here.

A FORMER army ballistics expert, Halperin, 35, will appear before Judge Gordon McDougall of the Carleton county court here May 21 as the third among 14 persons charged in Canada to choose this non-jury alternative.

The other two, Mrs. Emma Weik and Miss Kathleen Mary Wilkner, were sent to Kingston penitentiary for 2½ and three years respectively.

Saturday was the deadline for election of speedy trial by accused.

## British Troops Will Quit Egypt

CAIRO, May 6.—(CP)—A foreign minister, Lutfi El Said Fasha, indicated last night that an agreement of evacuating British troops from Egypt had been reached in negotiations on revisions of the 1936 Anglo-Egyptian treaty. There has been no official announcement on the subject as yet, however.

Asked if the British government had agreed to evacuate British troops from Egypt, Lutfi Fasha said:

"I THINK SO, but why don't you ask the British embassy? After all, the British are occupying Egypt and it is up to them to say if they are going to evacuate or not."

After a four-hour secret meeting of the Egyptian delegation, Premier Ismail Sidki asked the Egyptian delegation what they had decided. He replied "not yet" and made no other comment. Local newspapers have carried reports that Britain had agreed to pull out their troops.

Sidki Fasha said the Egyptian delegation would announce Monday the date for the first formal meeting between the British and Egyptian representatives.

## Baby Born Aboard War Bride Vessel

HALIFAX, May 6.—(CP)—The first baby born aboard a bridge ship on the Trans-Atlantic run was reported to military authorities here today from the Lady Nelson, 700 miles off the Nova Scotia coast. A six-pound baby was born last night, the report said, and child and mother, Mrs. Elizabeth Lamont, bound for Montreal, were doing nicely. The husband, on duty in England, expects to follow his family home shortly. The Nelson is expected to reach port tomorrow night.

## Help From UNRRA Far Below Needs

NEW YORK, May 6.—(AP)—A report that the United Nations Relief and Rehabilitation Administration was meeting only 30 per cent of its country's food needs.

## Five dead in Alcatraz As Deadline Draws Near

NEW YORK, May 6.—(AP)—Iranian ambassador Hussein Ala was expected to arrive in New York today to report to the United Nations Security Council that all Russian troops—or virtually all—have been withdrawn from Iranian soil.

IT WAS NOT known whether he would submit his report immediately or wait until tomorrow, but it was expected to be in the hands of the delegates when the council met to take up the Iranian case Wednesday.

Russia has until midnight tonight to complete the withdrawal under

## No Alternative Seen if Accord Is Not Reached

Unless agreement between the province and the Dominion government is reached before the termination of the wartime tax agreement next March, the province will be forced to re-enter the income tax field, Premier Ernest Manning said in his office Monday, following his return from the Ottawa Dominion-Provincial Conference which ended last Friday without agreement, and which was adjourned indefinitely.

"THERE WILL BE NO alternative for us, but to return to the field of income tax," he said.

Differences between seven of Canada's provinces and the federal government were not sufficient to cause the adjournment of the Dominion-provincial conference, after no agreement on the division of taxation fields and responsibilities had been reached, the premier said.

"THERE WERE TWO major reasons for the failure to conclude an agreement," Mr. Manning said. "One was the position adopted by Ontario and Quebec and the other was the attitude of uncompromising rigidity taken by the Dominion government."

## By Imperial Oil New Scholarships Offered Canadians

Describing the project as one to promote scientific research in industrial fields and to provide higher educational opportunities for Canadian students, Henry H. Hewitson, president of Imperial Oil Ltd., today announced establishment of four annual research fellowships and eleven undergraduate scholarships.

EACH RESEARCH fellowship is valued at \$1,000 a year and may be held for three years; each undergraduate scholarship is valued at \$500 a year and may be held for four years.

The research fellowships are open to any graduate of a Canadian university and are for post-graduate work leading to masters or doctor's degrees. One fellowship will be awarded in each of the following subjects: chemistry or chemical engineering, mechanical engineering, petroleum engineering and petroleum geology.

NOMINATIONS for the fellowships and scholarships will be made by universities and awards will be decided by a fellowship selection committee consisting of three members appointed by the National Conference of Canadian Universities and two members appointed by Imperial Oil.

Candidates may specify the university or universities where they wish to pursue their research studies and these institutions need not necessarily be in Canada. Decisions will be made by the selection committee.

## Bricklayers Get \$1.45 Per Hour

Edmonton union bricklayers, numbering about 50, have been awarded a new scale of wages at \$1.45 per hour for a 40-hour week, it was announced Monday by Lorne Mellish, secretary of the Edmonton Bricklayers' Association.

The award was made by the Regional War Labor Board that was called upon to decide on the question of wages and hours of work for bricklayers here following a dispute between the bricklayers and the builders' exchange.

During the summer there was a lengthy strike here of bricklayers following a dispute over wages and hours.

G. B. Henwood, K.C. chairman of the regional war labor board, announced the award of Mr. Mellish.

The bricklayers had sought last year was \$1.31 an hour.

## Graft New Heart On Living Animals

LONDON, May 6.—(Reuters)—Prof. N. Sinityn, of the Soviet Union's Gorky Medical Institute, told in Saturday's London issue of Soviet news how he succeeded in transplanting the hearts of warm-blooded animals—rabbits, cats and dogs—after first succeeding with cold-blooded frogs.

In the first experiments on warm-blooded animals, Prof. Sinityn said, a second heart was introduced in the neck, with the left end section of the heart not included in the general blood stream. The heart worked well and had prolonged vitality.

LATER THE HEART transplanted into the neck was completely linked with the bloodstream. The animal bore the operation well, the professor declared, showing no physical signs of impairment. In the work of their original heart. No disorders in the animals, such as shortness of breath, heightened sensibility or cramp, were observed. They reacted normally to every kind of stress, such as light, sound and pain.

Prof. Sinityn said.

Current experiments, he continued, were aimed at prolonging the survival of two-heated animals and an investigation of the possibility of transplanting a heart into the thorax and abdomen.

## Tax Plans

(Continued from Page 1)

still hold good so far as we are concerned," he said.

It is most unfortunate and regrettable that an agreement was not concluded," Mr. Manning continued. "Very moderate concessions on the part of Ottawa would have meant an agreement with seven provinces. In the interests of the people of Canada, I sincerely hope that at least this much may be attained."

THE PREMIER reviewed Alberta's stand at the conference, repeating in part some of the address he had made while giving his attitude to the government leaders at the open session.

"Nevertheless," he had then said, "for the purpose of facilitating the measure of agreement necessary to conclude a temporary interim agreement we are prepared to recommend to our legislature that for the proposed three-year period Alberta vacate the fields of income tax, corporation tax and succession duties, in return for the annual per capita grants set out in the Dominion proposals, as amended together with the other Dominion proposals, as summarized by the statement by the prime minister."

WHILE SOME provinces had been prepared to insist on Dominion grants on the basis of fiscal need, Alberta had insisted on the procedure, Mr. Manning said, unless the grants were issued as a supplement to the per capita grants.

As representative of the last province to enter confederation, his submission had been the last to be made by the provincial premiers. Manning reported that his speech had been made as the session for Tuesday, April 30, had drawn to a close.

On the following morning Hon. J. L. Halsey had presented the federal government's answer to the pleas of the provinces in a comprehensive address lasting an hour and 40 minutes.

IN HIS ADDRESS the federal minister has in effect said "no" to the requests of the provinces, Mr. Manning said, although he added, "in fairness to the Dominion government he said that adjustments would be considered which did not increase the drain on the Dominion treasury."

The Alberta Health Insurance Act, passed at the last session of the Legislature, but not yet proclaimed, will be held in abeyance, Manning said, at least until the Dominion budget is introduced, at which time provision may be made for the carrying out of some of the social services the federal government was to undertake, should agreement have been reached.

THE WHOLE MATTER of an agreement is being held in abeyance, while Ottawa again reviews the situation, Mr. Manning said. The suggestion that the conference adjourn to a definite date had been made by one of the provincial premiers, but a federal government counter suggestion that the adjournment be made indefinite was approved.

Possibility that the federal government might impose its social service levy, estimates of which ranged as high as five per cent on wages, would be given up as the measure of social services the Dominion would undertake, in Mr. Manning's opinion.

## EXPECT CONFERENCE TO BE RESUMED

TORONTO, May 6.—(CP)—Premier Drew of Ontario said today federal proposals at the Dominion-provincial conference in Ottawa were not acceptable to Ontario, Quebec, Nova Scotia, British Columbia and Alberta. He said, however, that he did not expect the conference to be resumed at call of the federal government.

HE SAID adjournment was requested by Finance Minister Halsey and the conference is expected to resume when the federal government "has had time to examine effect of the different suggestions made by the provinces."

Of a statement by Premier Garon of Manitoba that Ontario had been responsible for lack of a conference agreement, the premier said in an interview that "nothing could be farther from the truth."

"The Dominion proposals were not varied in the week of open conference and they stood exactly the same on Friday at adjournment as they had on Monday," Quebec Nova Scotia, British Columbia and Alberta had said these proposals were unacceptable."

**MUSKOX EXERCISE NEARS END OF TRK:** The Canadian Army's 3,100 mile Muskox exercise ended its long trek when the men and vehicles comprising it arrived here over the Northern Alberta Railways at noon on Monday. Later, a parade was held through city streets. The above picture, taken on Saturday at Grande Prairie shows Col. J. T. Wilson, director of operations research, Ottawa, and deputy director of Musko, left, greeting Lt-Col. P. D. Baird, Montreal officer commanding the expedition right. In the centre is Col. Norman B. Edwards, Smithtown, Long Island, senior United States observer with the group.

## Muskox Expedition Reaches City

# Big Arctic Trek Ends Successfully

Canada's first major peacetime military manoeuvre came to an end today with the arrival here of the officers and men of "Operation Musko," the joint Army-Air Force trek across the bow of the North American continent.

TEN POUNDERS, TRAVEL-WEARY snowmobilers rumbled through the streets of Edmonton, exactly 81 days after pushing off into the unknown from Churchill, Mann, a distance of some 3,200 miles. The hand-picked, thoroughly-trained force rolled off into the Arctic stretches from the northern Manitoba outpost on Feb. 15, averaging about 35 miles a day in temperatures that fell as low as 50 degrees below zero.

THE FORCE abandoned the snowmobiles Sunday and made the final dash from Grande Prairie to Edmonton by train.

Col. P. D. Baird, 34-year-old Montreal officer commanding "Operation Musko," had planned on completing the historic trek across the Arctic hinterlands of the north by May 5, but the battle against the elements held up his pace. Baird's force, which included a mule, muddy swamps and even mosquitoes were among the difficulties encountered by the crew, causing delays, at times, of several hours.

ACCORDING TO the department of national defence, the inverted horseshoe trail was pioneered by the Muskoxers to test the "mobility and efficiency of armed forces in northern regions and under Arctic conditions." Deeper military aspects of the expedition, however, were veiled by an official silence, forging a chain of conjecture whose links stretched from Ottawa to Washington to London to Moscow.

The expedition's vehicles are being unloaded and the force will stage a parade through downtown streets this afternoon.

THE PARADE will end at the Prince of Wales armory where Lieutenant-Governor J. C. Bowen and other dignitaries will gather to extend an official welcome to the party.

The parade will start at the corner of Jasper avenue and 109 street and will proceed east on Jasper to 101 street and then north to the Prince of Wales armory. A reception will be given to the city members of the expedition next Friday.

Col. J. T. Wilson, deputy director of Musko, said that the decision to move Exercise Musko from Grande Prairie to this city by rail had been made on Saturday.

COLONEL WILSON said that during the trek and preliminary training each of the vehicles had carried out over four thousand miles of cross-country winter operation and functioned well. They are not, however, equipped to operate over hot dusty roads. After three hundred miles running on the Alaska Highway south from Fort Nelson it became apparent that extensive and permanent damage would result from proceeding further. At the same time it was seen that a longer run had no further lessons to teach. Accordingly it was decided to transport the whole force, personnel and snowmobiles from Grande Prairie to Edmonton by rail.

All the vehicles are in running condition and none is being abandoned. They drove through the streets of Grande Prairie late Saturday afternoon.

ALL RANKS ARRIVED safely at Grande Prairie without serious illness or injury.

Communications from the moving force during recent weeks indicated that the morale of members of "Operation Musko" was high throughout the trip, but at the moment they were allowed "breather" in Edmonton today, they showed they were only human after all.

SOME RUSHED to telephones to call wives and sweethearts; others asked for newspapers—"any date," while one scurried to a barber chair and sit there until they come and get me."

But among most groups, the recent battles for the Allan and Memorial cups were fought all over

## No Highway Work Talked at Parley

No mention was made of trans-Canada highways at the Dominion-provincial conference, according to Hon. W. A. Fallow, minister of public works, Monday. While further work on such a road may appear in the federal budget, there was no indication on the part of authorities in Ottawa that such would be the case.

WE WERE ALWAYS told that everything was held up pending the reaching of an agreement," Mr. Fallow said.

It had been expected that there would be a conference of federal and provincial engineers at the time of the premier's meeting, but this had been postponed to a later date.

The Dominion government is not even showing any interest in Abasand let alone oil sands," Mr. Fallow said, when asked about federal interest in the tar sands areas of the north of the province.

When he asked federal government authorities about a license for radio station CKUA, he was referred to the board of governors of the CBC. Mr. Fallow said in reference to the deadlock between his department of telephones and the CBC over a public common carrier license and a 50,000-watt station.

The board of governors of the CBC is headquartered in Montreal so he was unable to see them, he stated.

## Fewer Veterans Get Allowances

A sharp decrease in the number of veterans' allowances was announced during the week ending May 4, was reported Monday by J. W. Proctor, district administrator of the department of veterans' affairs. The total now stands at 2,040, a decrease of 236 as compared with the previous week.

A LARGE NUMBER of those still receiving the allowances are now on sick leave. According to the DVA official a questionnaire was sent to these veterans recently and the majority of them stated that they expected to be employed in farm work by the middle of May.

Mr. Proctor said, "we confidently expect the total to be down a great deal more by the end of this week."

## Comedian Laurel Weds in Arizona

YUMA, ARIZ., May 6.—(AP)—Comedian Stan Laurel, 35, was married today to Ida Kitava Raphael, Justice of the Peace R. H. Lutes said the blonde woman gave him as 39, and her birthplace as Russia. Her description resembled that of Laurel's third wife, Vera Ivanova Shivalova, Russian dancer known as Liliana, from whom he was divorced in 1939. Laurel was divorced last April 30 from Virginia Ruth Laurel, whom he first married in 1934. They were divorced in 1938 and remarried in 1941. Laurel's first wife was Lois Neilson, from whom he was divorced in 1933.

## Two Men Killed At Card Party

DETROIT, May 6.—(AP)—Two men were shot to death in a card party at a home in suburban Allen Park early yesterday, police reported. They said Bruno Caruso, 44-year-old factory worker, was being held without charge for investigation of the shooting. The other victim was Joseph Tate, 30, identified by police as Mrs. Caruso's cousin and a former roomer at the Caruso home.

## Survivors May Face Murder Charges

# Acatraz Island Prison Riot Over With Toll of 5 Dead, 15 Wounded

SAN FRANCISCO, May 6

(AP)—The mechanical cunning and apellie agility of a handy-legged bank robber were held responsible last night for the deadly Alcatraz prison mutiny as officials pressed an inquiry aiming at murder charges against the three surviving ringleaders.

THE ATTEMPTED mass delivery of the most desperate felons in the United States was put down late Saturday at a cost of five dead, 13 wounded.

The three who quit when the going got rough were clapped into solitary confinement while Bernard Paul Coy, the convict who found the weak link in the island prison's safeguards, but found too late that it was still too strong for him, lay dead with two fellow convicts.

ELECTRIC LOCKS and armored doors trapped six long-term convicts who tried to break through the prison's defenses. A rifle and a pistol against federal guards and marines.

When the no-quarter struggle ended Saturday, two guards and three convicts were dead, 14 guards and one convict were wounded. Walls of cell block C where the three criminals died were chipped by bullets and grenades.

THE THREE SURVIVING convict ringleaders, who had run from their cells when the break attempt started Thursday, hurried back to their bunks when guards moved in Saturday for the cleanup. They pretended they had nothing to do with the mutiny.

Sunday Warden James A. Johnston, 72, completed a cell-to-cell check of the prison's more than 250 occupants.

One hero of the struggle was W. H. Miller, a slain guard who threw away the key that would have let the convicts out into the yard after they won control of cell block C. The other slain guard was Harold P. Stiles, shot down in the ensuing battle.

WARDEN JOHNSTON identified the dead convicts as:

Joseph Paul Creter, 35, leader of the plot, a hatter who served life for the murder of a United States marshal at Tacoma, Wash. Bernard Paul Coy, a Louisville, Ky., bank robber who slugged a guard and seized his weapons, and Marvin F. Hubbard, 34, Chattanooga, Tenn., kidnapper.

Creter and Coy apparently were killed Friday night, and Hubbard early Saturday.

In solitary confinement were these other three principals: CLARENCE GARNES, 39, serving 99 years for kidnapping and murder in Oklahoma; Miran Edgar (Buddy) Thompson, 28, serving 99 years for kidnapping and life for murder of an Amarillo, Tex., policeman, and Sam Shockey, 36, serving life for kidnapping and murder.

## Radio Program Gag May Pay Off

# GI on Quest For Pot of Gold

If A. (GI) deo Hollands of Los Angeles can find himself a piece of real gold at Yellowstone—and that shouldn't be hard—Truth or Consequences radio program will pay him \$10,000.

HOLLANDS WAS IN EDMONTON yesterday Monday before boarding a CP Air Lines plane for Yellowstone following his arrival here by TCA from the south.

The former Sgt. United States Army private was sitting around a radio broadcasting studio in Hollywood the other night when his name was called in the weekly Truth or Consequences program.

He failed—as they nearly all do—to answer his question in 10 seconds.

THE CONSEQUENCES FOR HIS failure was a trip by air with all expenses paid from Los Angeles to Yellowstone and back to find the "pot of gold."

Hollands is accompanied by R. Reeds, publicity man for the radio program.

The two planned to be back in Edmonton on Friday of this week.

bank robbery in Muskogee, Okla., as Greter shouted: "That . . . ."

3. They could not locate Rufus (Whitley) Franklin, serving life for killing a guard during an attempt to break out of Alcatraz in 1939, and on whose daring brains and knowledge of the layout they were soley dependent.

1. CRETER WAS unable to work the electric cell locks. 2. They could not locate Rufus (Whitley) Franklin, serving life for killing a guard during an attempt to break out of Alcatraz in 1939, and on whose daring brains and knowledge of the layout they were soley dependent.

THEY, TO THE HECKLING of convicts who from their cells called for "Saltwater Johnston"—a nickname referring to the prison's local mascot in San Francisco Bay—he gave his story of the mutiny.

The plot had evidently long been planned, he said.

The felons realized within a few minutes after the first blow was struck that their break was futile.

### Big Problems and Little Men

Federal plans for social reform need not be ended by the failure of the Dominion provincial conference. If agreements can be reached between the Dominion and seven of the nine provinces, a start will have been effected and if Ontario and Quebec can be coaxed into joining all Canada's hopes for uniform social security need not be lost.

But the present situation holds out little promise, largely because the difficulties to be faced by the provinces are so much larger than some of the men who had to face them. The breakdown of the conference is the old story of big problems and little men.

Premier Drew of Ontario, with his selfish obstinacy, and Premier Dugan of Quebec, with his narrow racial parochialism prating about the "survival" of his province, could not rise to national stature in the interests of the Canadian people.

As matters now stand, the Dominion and provincial governments will revert at the end of the present fiscal year to their pre-war tax relations. The provinces will be free to resume the imposition of corporation and income taxes and the Dominion will be free to pay the special subsidies which it has paid to them in exchange for a monopoly in those fields.

The re-acquisition by the provinces of the right to align these taxes, however, does not hamper the Dominion in continuing to levy its own income and corporation taxes to whatever degree parliament may sanction. It has an overriding right in that and other fields including the field of succession duties. The situation looks, then, like a return to double taxation.

Quite properly, the Dominion is determined to proceed with its social welfare reforms, which it respects as a necessary provincial co-operation because of the provisions of the BNA Act. The implementation of these plans is rendered more difficult by the failure of the conference. But it is not a new problem, created by selfishness, jealousy and bigotry, which the federal government must continue to make every effort to solve.

### The Right to Appeal

Under Canada's income tax system every person is his own assessor. Naturally the person who makes a return and the tax-collecting officials do not always see eye to eye on the question of how much should be paid. If the taxpayer is dissatisfied with the ruling of the officials he can appeal to the Minister of National Revenue. If still dissatisfied he can then appeal to the Exchequer Court.

Where the amount in dispute is not large the taxpayer is not likely to take the trouble of appealing to the Minister. Unless it is very considerable he does not carry the matter to the Exchequer Court. Only the larger taxpayer therefore is in position to get a final and ex parte decision on his claim. The smaller taxpayer accepts the findings of the collection officials, even though he thinks them wrong, as a matter of convenience or because he dreads the costs of a court proceeding.

Interest on this account attaches to a proposal now before the Senate. The suggestion is to set up an appeal board, which would travel from place to place and hear complaints in the first instance from taxpayers, with little or no cost involved for the complainants. This may not be the best way to deal with the problem. But that every taxpayer should have some convenient and inexpensive opportunity to present his case to an independent referee or board of referees seems reasonable.

This is particularly desirable in the case of the smaller taxpayer, to whom the saving of a few dollars may be far more important than the saving of thousands to a wealthy neighbor.

### Canada's Black Market

Startling disclosures and charges are made by the public in the Canadian Grocer which claims that everyone has suspected, that thousands of tons of rationed foods are finding their way into the Canadian black market and that such commodities as butter, sugar and meat would be better supplied to the legitimate trade if rationing and price regulation were more effectively enforced.

The Canadian Grocer appears to be sure of its facts. It alleges that hundreds of short deals take place and are never discovered, that literally millions of counterfeit sugar coupons have been distributed to those able and willing to pay the price, and that scores of thousands of pounds of butter and meat are sold without coupons at all.

Honest grocers and butchers who keep the rules of the Wartime Prices and Trade Board quite obviously have the right to be protected from the black marketer, who not only brings them under suspicion but injures their business and quite naturally weakens their respect for the entire control structure.

It is quite reasonable and necessary, then, to support their demand that rigorous steps be taken to enforce the law and put the black marketer out of business.

But it must not be forgotten that the

public itself must share the blame for this situation. Anyone who subscribes to this evasion of the law by taking a purchaser's part in these transactions is not only robbing his neighbor of needed foodstuffs and acquiring an unfair share of nourishment so tragically needed in Europe, but is helping to pull apart a structure essential to the steadying of prices and the carrying on of business in Canada.

### The Council Stood Pat

Today, May 6th, was the deadline set for the withdrawal of Russian troops from Iran; and the day when the Security Council is due to ask whether the evacuation has taken place.

Despite opposition by Russia, Poland and France, the Iran question was left on the order paper. The other eight members voted to leave it there until they saw whether the second promise to evacuate had been kept.

Following the vote Mr. Gromyko gave notice that he would not participate in any further discussion of the situation in Iran. This does not mean anything if the Russian forces have gone home, for there will be no need for further debate.

What is important is that the Council stood its ground and refused to throw out an appeal from a small power. It is the doing of a big one—even though the appeal was withdrawn—under circumstances which suggested that Qavam was not a free agent.

The smaller nations know from this that if they ask for protection by the Council their pleas will not be rejected because a more powerful state demands this and even occupies their territory with armed forces. Had the Council backed down on the Iran appeal it would have lost the confidence of those nations.

Incidentally the Council established the point that a treaty cannot be violated with its approval or sanction. Russian troops were by treaty bound to start moving out of Iran by March 2nd. They did not do so. The Council majority therefore told Moscow they would not take its word that the troops would get out by May 6th.

### Move Toward UNO Control

The Anglo-American committee on Palestine brought in a report which satisfies extremist leaders of neither of the contending racial groups. The Arabs say they will fight if 100,000 Jews are allowed to "invade" the country, which the report recommends Jewish spokesmen say they are ready to meet force with force, and that the committee would have advised the setting up of a Jewish state.

That leaves the Palestine "problem" just what it was before the committee was created, perhaps with racial feeling sharpened. But there is this difference in the setting. The committee says the United States should act with Britain in suppressing violence or terrorism against Jews. But it is not clear whether Britain has had to deal with the situation alone, and stand whatever criticism came from either party. Unless Washington rejects the report, it will help preserve peace in the future.

This goes some way to shift responsibility from Britain to the United Nations, where it probably will have to rest eventually. None of the larger powers at least can claim immunity from a moral responsibility in the matter. All of them have considerable numbers of Jewish citizens, whose views and interests they should take into account. And all of them would be affected if the Arab world were to lapse into racial hostility toward the Jews.

Perhaps the sooner Britain turns in its mandate and tells the United Nations to set up a trusteeship over the disputed area the better. It will almost certainly come to that soon or later, and this is the direction in which the report of the two-nation committee is aimed.

### Looking Backward

From The Bulletin Files

#### 1886: 60 Years Ago

J. Walter is about to open a blacksmith shop at the ferry landing on the South Side.

Passengers by the outgoing stage were: Miss Olive Henderson for Portage la Prairie, and Thomas Houston for the West.

L. Kelly shot Rev. Mr. Howard's dog for chasing his pig. Some of the shots broke glass in J. Looby's hardware store.

Notice has been given at Ottawa that the office of stipendiary magistrate will be abolished in the Northwest, and a supreme court created with five judges at salaries of \$10,000 each.

#### 1896: 50 Years Ago

E. Raymer and Dr. Goodwin went to Cooking Lake to cut a road for the sporting club.

W. A. Fraser, superintendent of government oil boring operations at the Landing, arrived to commence operations for the season.

S. Garnham is busy on plans for Dominion Day sports.

#### 1906: 40 Years Ago

It is announced that Alberta's first provincial fair will be held at Edmonton July 2, 3, 4 and 5.

The city council which, in answer to a petition, decided some time ago to lay concrete sidewalks on Namay Avenue, now proposes to rescind the motion.

#### 1916: 30 Years Ago

London.—A bill to provide for compulsory military service was given first reading.

#### 1926: 20 Years Ago

Vegreville taxpayers voted to sell the electric light plant to International Utilities.

Edmonton Eskimos have been sold as part of a three-team sale for \$300,000 to an eastern syndicate operating in Boston, Chicago and Detroit.

#### 1936: 10 Years Ago

The Ethiopian war over, Italian Fascists fled, and Emperor Haile Selassie a fugitive in exile, Mussolini announced that he "extended the hand of friendship" to Great Britain.

Chief Yellowface of the Chippewa Indians on the Banquo river near Rocky Mountain House, died.

White Mud bridge, which was washed out by April floods, has been found at Shandoe's ferry, 100 miles northwest. It will cost \$1,000—half the cost of a new bridge—to truck it back and re-assemble it.

James Holroyd was elected president of the Esquimaux Camrose Magic Club, with A. W. Langille as vice-president; Walter Scramstad, secretary, and E. E. Ruff, lecturer and librarian.

### THE THRILL THAT COMES ONCE IN A LIFETIME

by Webster

### Domestic Side of the Paris Conference—

Some Delegates Have Wives Who Preside Over Official Functions at the Embassies, While Delegations Are Installed in Hotels De Luxe

Exclusively to The Edmonton Bulletin  
PARIS.—The three visiting delegations to the Luxembourg conference of foreign ministers are all equally well housed. The Americans are at the Meurice Hotel, the British at the Georges Clémenceau and the Russians at the Plaza. The Russian delegation numbers over 300 and overflows into neighboring hotels. The Meurice Hotel was specially reserved for the Americans, who only number 100 or so.

The British delegation is about the same size as the American and takes up only one part of the Georges Clémenceau Hotel. The conference guests are also well housed. They are allowed to stay there, and among them may be found Miss Marlene Dietrich and Senators Connally and Vandenberg.

Mr. Jefferson Caffery, wife of the United States Ambassador, and Lady Diana Cooper, wife of the British Ambassador, have arranged a series of small luncheon parties for the wives of the delegates. Among those attending these entertainments have been the wives of Ernest Bevin, Secretary Byrnes and other high officials.

(These letters are from Edmonton Bulletin readers. The views expressed may differ from those of The Bulletin's own writers. Brief letters from the most interesting correspondents are printed. If lack of space requires, you must give your name and address. The Bulletin's policy is to print letters from the Bulletin's own writers. Letters and their contents become the property of the newspaper. No attention will be paid to unsigned letters.)

#### All Change!

Editor, Bulletin: Lately there has been much talk in the papers about changing the Canadian flag and then again of changing Dominion Day to Canada Day. Now how about changing the name of the Government? The Post Guards to "Alexander's Rag-Time Band"? A. L. M. Edmonton.

#### Democracy?

Editor, Bulletin: This humble reader would like to know why a man with comparatively low education may not insist in Canada's present forces.

Other ranks in the army must have junior matriculation; officers a college education. In the RCAF it is similar. For air crew nothing but university graduates, "preferably with engineering or science degrees." I imagine the navy has the same idea.

I served two years in the army and was a sergeant. I was in Canada, but tried as hard as anyone to get overseas. I have only a grade nine education. There are many in the same boat.

It all looks like "class distinction." Can some of us help it because we had to go to work before we could complete our education?

In other words: "Back in the gutter, scum!" A. G. Edmonton.

#### Asks for Famine Lead

Editor, Bulletin: I notice that our American neighbors are donating foodstuffs for shipment to Europe and wonder what has happened that we Canadians are lagging in a similar undertaking.

Our official arrangements have been whereby ships of food could be sent to cities in Great Britain such as Liverpool, London, Southampton, etc. England has been treated as the destination because the baltic is still on for them, with food shortages. But during the blitz, they are still giving over there, giving shipments of food to European countries which they so desperately need themselves. What if it would give them to receive a whole lot of food, a gift, distribution of which could be made through the mayors of each city. And why couldn't items other than canned goods be included, such as cereals, and jam (surely the allies had plenty of coupons for it) and the Germans had canned (two), and any money sent could be used to defray shipping expenses. Lacombe, Alta.

### Why Russia Wants Franco Overthrown—

## The Voice of Moscow: Poland

Spain's Dictator, Supported by German Advisers and Technicians, Is Real Obstacle to Soviet Ambition to Spread Communism by Gaining Mastery There in Iran

By W. R. Clarke

Washington Bureau of The Edmonton Bulletin

WASHINGTON.—In sharp contrast to the concern shown over the Russian situation, the United Nations Spanish debate has aroused only casual interest here. Nor is it likely to increase while attention centres on the council of foreign ministers in Paris. Discussion has been restrained and limited to a few points on which there is wide-spread public agreement.

One is approval of the Austrian plan for an inquiry. Another is that Russia's ultimate objective is the communication of the Iberian Peninsula. A third is that what goes on in Spain at this time is not likely to be jeopardized peace.

The thought is that it is better to "let sleeping dogs lie" than to stir up the present Franco and do little harm outside his own country. Russia never has been so friendly to the Franco regime as it has been. It is a big step towards world domination through communication, which, in one large group of American opinion now, is Moscow's long-term objective.

Prior to the current meeting of the security council, the belief generally held here seems to have been that Moscow was seizing, more or less at random, on every chance to "needle" the United States and Britain. The hope was to gain some advantage in bargaining or at least a slower pace than the war to a slower pace than in Russia and thereby confirm the Communist thesis that capitalist countries are incompetent, always torn by conflict and are doomed.

It is believed that President Truman still holds that view and report has it that after the Paris meeting he is going to take a much more active part in foreign affairs. ON THE OTHER HAND there is a growing public belief, believed to be shared by the state department as evidenced by newspaper comment and the addresses of public men, that western and Russian mentalities are poles apart, their political philosophies irreconcilably antagonistic and their conceptions of right and wrong and justice completely divergent. The correction of this view is more plain in the fact that every basic division in the security council, council of foreign ministers and the United States has been the same: Russia and Poland on one side, Britain and France on the other.

Large areas of the world lived under strict censorship during the war years, with the result that many popular ideas and distorted ideas of the war and the situation following it. The purpose of this view is more plain in the fact that every basic division in the security council, council of foreign ministers and the United States has been the same: Russia and Poland on one side, Britain and France on the other.

## Credits Canadians For Sicily Success

BAD OEYNHAUSEN, Germany, May 6.—(CP)—Field Marshal Montgomery in his privately-distributed book on the 8th Army gives the 1st Canadian Division full credit for breaking the last main German defence line in Sicily with their attack towards Adrano on the slopes of

Mount Etna in early August, 1943. AFTER THIS operation, the last of the Canadians in Sicily, the Field Marshal said. Viscount Montgomery mentions all main Canadian actions in Sicily from Pachino to the Simeto River valley and said that after the hardest battle of the campaign, fought by British troops on the right flank south of Catania, he switched the main axis of his operations to the left flank where the Canadians were in action. The Canadian "left

hook" on Adrano from the centre of the island was the successful climax to this strategy. The book, entitled "Eight Army in Action" to the River Sangro, covering the period of Field Marshal Montgomery's command, reveals that the original plan for the attack on Sicily was changed after the Field Marshal concluded it was "unsound." EVERY CANADIAN action of any consequence in Italy from Reggio to Ortona also is mentioned. He devotes a special paragraph to this concise book of 158 pages to the last Canadian Division's battle at Ortona, saying it took a week to close the town owing to remarkably tenacious resistance. "The Canadian troops were quite magnificent and in the end out-fought the Germans," he said.

## Bridge

By WILLIAM E. MCKENNEY

America's Card Authority

It is not often that a tournament director of the American Contract Bridge League gets stumped on a ruling, but the decision that came up on today's hand was a difficult one.

East won the opening lead with the king of hearts and followed with the ace. When he played the third round of hearts, declarer mistakenly ruffed with the jack of spades and West over-ruffed with the queen.

|                                     |                                     |   |   |
|-------------------------------------|-------------------------------------|---|---|
| ♠ A 7 4<br>K Q 3<br>J 10 6 2<br>K C | ♥ A 4 2<br>K 10 8 3<br>J 5 4<br>K 7 | ♦ A K Q 9<br>J 10 8 3<br>J 10 8 3<br>K 10 8 | ♣ A 6 2<br>K 10 8 3<br>J 10 8 3<br>K 10 8 |
| W                                   | N                                   | S   | E   |
| Declarer                            |                                     |   |   |
| ♠ K J 10 9 8<br>J 5 4<br>K 7        | ♥ A 4 2<br>K 10 8 3<br>J 5 4<br>K 7 | ♦ A K Q 9<br>J 10 8 3<br>J 10 8 3<br>K 10 8 | ♣ A 6 2<br>K 10 8 3<br>J 10 8 3<br>K 10 8 |
| South                               | West                                | North                                       | East                                      |
| 1 ♠                                 | Pass                                | 4 ♠   | Pass                                      |
| Opening—                            | 7-8                                 |   |   |

Then dummy came to life and asked his partner if he had no more hearts. Discovering his error, declarer withdrew his jack of spades and followed with the ace, but now West was able to withdraw his queen, and he discarded a diamond.

East played the fourth round of hearts and South ruffed with the king of spades. Then, since he knew the location of the queen of spades, he boldly finessed West out of the black lady.

The rules are inadequate in a situation such as this, but the director made up his own rule based on the equity of the situation. He refused to allow declarer to ruff with the king, insisting that he ruff low and that West be allowed to overruff.

North and South of course protested the ruling, but it was later upheld by the tournament committee.

**The Inside Nerves**  
Fadiga comes from the nerves. When you are bodily tired, you feel it in the arms, legs and back. But the inside nerves which control the bodily organs are also tired and the result is indigestion, headaches, loss of sleep and general lack of energy. You will see by the illustration how the sympathetic nervous system, through the inside nerves, supplies energy to the bodily organs—The lungs, the stomach, etc.

By the use of Dr. Chase's Nerve Food you can very materially help to restore energy and vigor to these bodily organs and relieve the feelings of fatigue and languor which hold you down. The result is better digestion, better sleep and renewed energy with which to enjoy life. Ask your druggist for the economy size bottle of Dr. Chase's Nerve Food.

## Budget Down by Month-End Hope for Income Tax Drop Fades, With Parley Failure

By GEORGE KITCHEN

OTTAWA, May 6.—(CP)—Failure of the Dominion-Provincial Conference to reach an agreement on financial matters has dimmed the prospects of any substantial reductions in taxation in the Federal budget, the preparation and make-up of which had hinged on the outcome of the discussions.

WITH THE CONFERENCE concluded, even though in a westerly direction, the way now is open for preparation of the budget and it likely will be brought out towards the month-end.

Finance Minister Bailey told the commons Friday, a bare hour or so before the conference adjourned, that he would "push forward as rapidly as possible" with work on the budget as soon as the discussions were concluded. He was not able, however, to forecast when the budget could be expected.

Before the conference opened Mr. Bailey had been on record as favoring the reduction in personal and corporation taxes in the budget depended to a large degree on whether the reduction in the provinces agreed on priority in the various taxative fields.

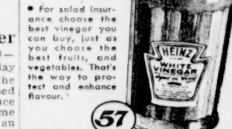

He well expressed hope that agreement would make it possible to reduce personal income taxes and taxes on the earnings of the corporations and re-laxes those monies when they are paid out to shareholders as dividends and thus become individual income.

DESPITE THE FAILURE of the conference to reach an agreement on financial matters, it is considered likely that the budget might contain some adjustments aimed at

Prices Board officials from interfering with the plaintiffs' business as used car dealers. C. L. McAlpine, R.C. counsel for the company, said on May 5 he will apply to continue the injunction until trial of an action brought Saturday by the firm against 10 officials of the Prices Board.

**combine fine flavour with food value**

**RECIPES**  
**Fluffy Fruit Salad Dressing**  
Combine, blending thoroughly after each addition, 1 cup sugar, 1/2 teaspoon salt, 1/2 cup vinegar, 1 egg yolk, 1/2 cup pineapple juice, 1/2 cup orange juice and 2 tablespoons Heinz White Vinegar. Cook, stirring constantly, until very thick. Cool. Fold in stiffly beaten egg white.

For salad insurance choose the best vinegar you can buy, just as you choose the best fruit, and vegetables. That's the way to protect your food's flavor.

## Firm Wins Delay In Closure Order

VANCOUVER, May 6.—(CP)—Campbell Motors Ltd., Saturday won a four-day reprieve from the Prices Board seizure of its used cars and cancellation of its license to deal in such cars. In supreme court Mr. Justice Coady granted an injunction until May 8, restraining

## Ex-City Official Is Convicted Of Theft

NEW WESTMINSTER, B.C., May 6.—(CP)—Albert James Bowell, 57, former city comptroller, was found guilty on four charges, yesterday after five hours of deliberation by the jury.

Bowell had been charged with the theft of \$60,000 from city funds; falsification of a duplicate bank deposit slip; that with intent to defraud he caused city officials to execute a \$60,000 cheque; and that the cheque was fraudulently used to cover a shortage in city accounts.

THE JURY, in one of the first assize court verdicts ever rendered on a Sunday, requested that Mr. Justice A. M. Manson consider a "strong recommendation" for leniency when passing sentence.

Thomas A. Hurley, chief defence counsel, and Hugh McGivern, his associate, indicated that an appeal from the conviction would be "automatic."

Bowell, who has been free on \$15,000 bail, received the verdict with an apparent show of calm which has characterized his conduct throughout the trial.

Since, under the law, no sentence may be pronounced on a Sunday, the accused will have to remain in custody until after resumption of the assizes, June 10.

# The Bulletin's SPORTS SHOW by Hal Dean

SPORTS EDITOR

WHILE the CAHA can hardly be blamed for attempting to avoid a knock-down, drag-out battle with the NHL over the player payment question, it does seem that a finish fight is coming sooner or later, unless the NHL authorities are willing to let the pros do all the dictating.

There seemed to be general agreement amongst those attending the Vancouver meeting that a \$20,000 annual offer was inadequate, but possibly the hoped-for compromise may produce results.

IT SEEMS FAIRLY obvious that the NHL should and must play ball with the CAHA, a body which after all is a superintendent of a huge player factory, with the NHL's money to benefit more than other individuals or groups.

Furthermore, in player registration and control of players (provincial and dominion-wide) together with Allan and Memorial cups, the CAHA possesses potent weapons which would to bargain. Cancellation of cup competition, which would entail doing away with play-downs, would remove most of the glamour for players, clubs and fans.

THE PAYMENTS to Monarchs, St. Mike's, Stampede and Hamilton Tigers (and other clubs) also are to be recompensed to some extent) apparently marks the inauguration of a new policy, and it is a step advocated in this column some weeks ago.

It has never been any deep secret that producing teams of playoff calibre costs real coin and plenty of it—a fact the CAHA has been ignoring for years.

Heretofore, the relationship between CAHA and clubs has been

## Yanks Whip White Sox

### Hank Greenberg Hits Homer To Help Tigers End Streak

By STEVE ROBERTSON  
NEW YORK, May 6.—(AP)—Hank Greenberg has paid off for Detroit Tigers again.

The big, lanky slugger broke Bengals' seven-game losing streak Sunday by blasting Russ Christopher for a four-run homer in the fifth inning of the nightcap to help Tigers trounce Philadelphia Athletics 10-2 after they dropped the opener 5-4.

The American League champion singled in the seventh before Duke Lake hit a clutch single to drive in the winning tally at Philadelphia.

Pitcher Bob Newsum spaced nine hits for the Athletics in their opening victory.

The other American League contests New York Yankees defeated Chicago Cubs 4-2, and Washington Senators trounced Cleveland Indians 12-4.

In the National League, St. Louis Hank Greenberg Cardinals split a double-header, 7-2, with Boston Braves, while Pittsburgh Pirates defeated Brooklyn Dodgers 5-4 and 4-3. Cincinnati Reds split a twin feature 7-4 and 2-2 with New York Giants, and Philadelphia Phillies returned from a 131-loss to take a 7-1 nightcap victory over Chicago Cubs.

A MEMBER OF New York Yankees old guard, Ernie Bonham, came through with a smooth pitching performance in his first outing of the season and with the aid of lucky clouting by Charley Keller whipped Chicago White Sox before a crowd of 33,928 on home grounds.

It was the fifth consecutive victory for Yanks and put them within 1½ games of the league-leading Boston Red Sox, raised out of their engagement with St. Louis.

Bonham was lunched for eight hits and gave up four walks and wasn't scored on until the eighth when Chicago picked up their two runs.

KELLER GOT BONHAM off to a good start with his third homer of the season in the second frame. In the eighth he sent Joe DiMaggio home with a double.

Washington Senators wallowed Cleveland Indians in the capital after they scored three runs in the opening inning. Four Indian

# CAHA Rejects \$22,000 Offer from NHL.

## Double Shutout For Maple Leafs

MONTREAL, May 6.—(CP)—Glittering pitching by Joe Coleman and Harry Jordan gave Toronto Maple Leafs a twin international League shutout over Syracuse Chiefs Sunday 6-0 and 4-0.

Jersey City Giants defeated Rochester Red Wings 7-4 in an extra-inning game while Peoria Rivermen edged out Baltimore Orioles twice with scores of 7-6 and 3-2 before 9,720 customers. The Newark-Montreal double header was postponed by rain.

COLEMAN PITCHED a six-hit shutout to beat Earl (No-hitter) Harritt in the opening game at Syracuse before 7,377 fans while Peoria Rivermen batted two homers. Leafs got to Harritt for the same number of hits.

In the seven-inning nightcap Richmond again drove in the first run off Millard (Dixie) Howell. At Buffalo, Gabby Hartnett's charges broke out with a rally marked by three circuit clouts to tie the score and finally fashion a winning run in the 12th inning.

TWO FOURMANS by Vic Weritz and Che Wiecek seems good for all the rallies needed in the nightcap when Les Mueller, latest acquisition from Detroit Tigers, made his debut with Bisons. He limited Orioles to five hits.

Bill (Tiny) Osborn scattered six hits in the second game to give Wings their 13-4 score and snap a five-game losing streak.

## BULLETIN

SCORES IN KENTUCKY DERBY: Practically overlooked in the betting despite winning the recent Wood Memorial at Jamaica, Assault, shown above with Jockey Warren Mehrtens, came roaring down the stretch Saturday to grab the Kentucky Derby over the pre-race favorites.

In taking the turf's greatest event, Assault picked up \$306,400 of the \$100,000 added purse and paid \$18.40 in the mutuels. Assault, son of Bold Venture, who won the Derby 10 years ago, is the first Texas-owned and bred horse to win the Run for the Roses.

## Lord Boswell Fourth Assault Surprises in Derby With Eighth-Length Victory

CHURCHILL DOWNS, Louisville, Ky., May 6.—(AP)—Assault, a chip-off-the-old-block from Texas, struck lightning on the stretch of Churchill Downs Saturday to win the Kentucky Derby like his daddy did—and before the greatest crowd in American racing history.

Come-from-behind, the lanky Assault found a hole to slide through at the head of the quarter mile stretch of heartbreak highway. He then just came home swinging on the bit, by eighth lengths, the first Texas bred-and-owned, three-year-old, to win the race for the roses.

AND AS HE HIT the wire far in front of sagging Spy Song, the hundreds of Texans in the throng, estimated by Colonel Matt Winn, derby impresario, as "easily over 100,000"—let out a vee-vee-ya yell.

Winn, Admiral, lone Canadian-owned entry, owned by R. S. McLaughlin of Oshawa, Ont., 16th in the 17-horse field. Wee Admiral showed early speed but found the heavyish going not to his liking and lost ground beyond the half-mile mark.

It was a Texas victory all the way in this 72nd running of the blue grass classic, as the high-spirited Assault, bred and owned by the late J. W. Eaton, won the race in the stretch and the fancy favorite, Lord Boswell, could only get fourth, working jockey Eddie Arcaro's hopes of setting a new high record of riding four derby winners. Foxcatcher, former Kentucky Derby winner, finished fifth.

THE CHOCOLATE CHAMP—the son of Bold Venture—was running in the brown and white silks of Robert J. Kleberg, Jr., Maxie Hirsch, the training wizard who was born in Fredericksburg, Texas, 66 years ago, saddled Assault's daddy, Bold Venture, and sent him to win the derby 10 years ago. And it was Maxie who took over Bold Venture's lanky son, Assault, when he was ridden by the 26-year-old Warren Mehrtens, of Brooklyn, N.Y., who did just about as well as he could in the usually-lagging colt close up on the wire, then shot him through to the wire and the \$96,400 cheque.

Warren said it was "just about the easiest victory I ever rode."

MAURICE DEBLIK and Alex Gerke are listed for a preliminary to start at 8:30 o'clock.

Canadians Will Work Out Tonight

Western Athletic Club junior baseball team will hold workouts at Westmount school grounds tonight Wednesday and Friday, all before 6:30 o'clock. All boys wishing to try out for the team will be welcome.

Meeting Postponed

A meeting of community league officials for the organization of baseball and football scheduled for tonight at the Civic Block has been postponed due to the civic holiday which will be held Tuesday night at the Civic Block at 8 o'clock.

Rolls Big Score

MOOSE JAW, Sask., May 6.—(CP)—Doug Vanstone, 15-year-old Moose Jaw bowler competing in a Students' five-pin challenge match, Saturday rolled games of 339, 222 and 339 for a 900 total. It was the highest five-pin score turned in here this season and bowlers said it might be a students' record for Canada.

## Committee Will Meet Governors

VANCOUVER, May 6.—The Canadian Amateur Hockey Association wound up its 29th annual convention here early Sunday morning with the decision to reject the National Hockey League offer of \$20,000 yearly payment to cover all amateur players turning professional.

A three-hour session lasted well past midnight, voting to send a five-man committee to meet with the NHL board of governors in June to advise them their proposition was not acceptable and to negotiate a more attractive deal.

The committee was comprised of the same five who met the NHL representatives in Boston where the original offer was presented: CAHA president Hanson Dowell, Middleton, N.S., IHA president Dr. George A. Edmonstone, Secretary George Dudley, Midland, Ont., Vice-President Al Pickard, Regina, and Frank Sargent, past president Port Arthur.

THE VOTE FAVORING the resolution was 18 to 4 with the opposition being George Panter of Gravenhurst, Ont., president of the OHA.

The CAHA should stand behind its demand of \$2,000 for each player moving up to the NHL and \$1,000 for those moving into one of the minor leagues.

Mr. Hardy explained that the CAHA was at a disadvantage in attempting to press its demands.

A fight would be difficult, he thought, since he could not see where the Canadian body had the power to enforce its demands.

There was talk of signing all amateur players to contracts but he was not so sure the contracts could be valid.

ANOTHER DIFFICULTY was that players were liable to go to Britain where the professional leagues could obtain players with no difficulty. In addition the American Amateur Hockey Association might break off relations with the CAHA and start raising money on its own.

Mr. Dudley favored maintaining good relations with the NHL. During the war they had not paid for players who were not able to stay more than one season due to military service.

HE DID CONTEND, however, that \$2,000 was not enough for the work put into training youngsters by all teams across Canada. Eight per cent of the total income for one year and balancing it against the number of players would prove it. If at the time it was felt more money should be paid, then it was time to take action.

The committee will report to the semi-annual meeting in Toronto in about six months.

The plan agreed upon was that \$40,000 from Allan and Memorial cup playoffs would go to the CAHA. Eight per cent of the remainder will be divided among the teams.

It was not reported in what proportion the CAHA would receive charity will receive 15 per cent and the remaining five per cent would go to the fund.

WINNIPEG MONARCHS receive a total of \$7,300 for their part in the richmond (C) derby this year. The amount brought \$55,000 to the CAHA. Their opponents, Toronto St. Mike's, will get \$5,700.

The CAHA executive committee returned to serve a second year.

George Wardrope of Port Arthur and the executive committee of the Western Canada Hockey League, N.S., seconded the motion.

The executive committee follows: Hanson Dowell, Middleton, N.S., president; Al Pickard, Regina, 1st vice-president; Norman Dave Montreal, 2nd vice-president; W. A. Hewitt, Toronto, registrar; treasurer, George Dudley, Midland, Ont., secretary.

Next meeting of the CAHA will be held in Quebec City, the date to be announced later.

Minneapolis Club Has New Manager

MINNEAPOLIS, May 6.—(AP)—Mike Kelley, general manager of the Minneapolis American Association baseball club, late Saturday unconditionally released Zola Bonura as manager of the club, and named Ross Ryan, who has been acting as business manager, to the post.

Bonura's release came after the club lost its seventh game in eight starts to Columbus, 10-2.

EAC Juveniles Practice Tonight

## Grab Three Straight Dominoes Crush Windsor In Canadian Cage Series

WINDSOR, Ont., May 6.—(CP)—The mighty Victoria Dominoes won the Canadian senior basketball championship Saturday by wallopping Windsor Assumption College 47-36, to close out the best-of-five final with three straight triumphs.

The final game was a thriller all the way, both teams playing a hard and tough battle. Windsor Assumption showed better than in either of the first two games and was not out of the running until about five minutes before the game ended. Dominion had tough points all the way and George Andrews amassed 10 points, and Hank Rowe tallied seven markers.

Nike Barnes, who was the champion as they played off closing rallies by Windsor.

THE VICTORIA veterans had to hang on several times as the Assumption cagers burst forth with a barrage of baskets.

Windsor Assumption played a fine game in tallying eight points from two field goals and four foul shots.

"I'm sure glad this series is all over," shouted George (Porky) Andrews, played each of the Dominoes, as the grueling match ended.

"THE GAME SURE brought sweet revenge," Andrews said. "In 1936 the Windsor team wallopped us three straight to capture the title, and now we're all square with this fine city."

Art Chapman, veteran of many cage battles, attributed success of the Dominoes to greater experience against the youthful Windsor club.

The Assumption team dressed quickly but Sovran and Rait Wade were around long enough to say that the coast stars knew they were playing against a real basketball team.

COACH RED NANTAS of Assumption had nothing but praise for the Dominoes. He hadn't seen a team to match them for a long time. "They have a great team and deserved to win the championship with their stellar play," he said.

"I'm not ashamed of my lads in the least bit. They all played their hearts out. It was a fine season all round."

The Victoria men hustled off to all their own party and getting away from a mob of photograph hunters was a job in itself. The girls in particular seemed to be for Norm Baker and his neat smile. He was literally mobbed by the spectators after the game.

## Australians Beat Two Britishers

BOURNEMOUTH, England May 6.—(CP)—Britain's Davis cup tandem, Henry Billington and John Giff, 34-year-old Australian, and C. E. Malloy of New Zealand, in the year-old Davis final in the British hard court tennis tournament, 3-6, 6-2, 9-7, 6-4.

Mrs. Kay Stammers, Misses and Mrs. E. W. Bostock took the women's doubles, defeating Miss J. A. Legrim and Miss A. M. York 10-8, 6-1.

Harper easily defeated Derek Bolton, Britain's 1st Davis cup player, in the final of the men's singles, 7-5, 6-2, 6-1.

## Hearing on Tuesday

Yankees Obtain Court Order  
Keep Mexican Agents Away

NEW YORK, May 6.—(AP)—The New York Yankees obtained an order from the New York Supreme Court Saturday night restraining agents of the Mexican Baseball League and a New York sports-writer from attempting to induce any Yankee player to repudiate his signed contract.

The order, signed by Justice Benjamin F. Schreiner, and setting a preliminary hearing for Tuesday named Jorge Pasquel, president of the Mexican League; his brother, Bernardo Pasquel; their agents Carlos Barza, Manuel Louane and John O'Leary; and sports-writer, Claire Rutherford (Rudy) Rennie of the Herald-Tribune.

BERNARDO PASQUEL, who has been in New York for several weeks, said he had received an order from the court to appear for the hearing but asserted "this thing is utterly ridiculous."

"I am very happy to co-operate with American authorities," Bernardo denied Rennie was connected with him or the Mexican League.

DENIES BEING AGENT FOR MEXICAN LEAGUE  
CINCINNATI, May 6.—(AP)—Claire Rutherford (Rudy) Rennie, New York Herald-Tribune sports-writer, denied "emphatically" Sunday being an agent for the Mexican Baseball League.

Rennie, named in a court order obtained Saturday night by the New York Yankees restraining him and agents of the Mexican League, attempted to induce any Yankee player to repudiate his signed contract, said.

"I emphatically deny that I am or ever was an agent for the Mexican League."

## Reiser Rejects Mexican Offer

ST. LOUIS, May 6.—(AP)—Peter Reiser, slugging outfielder-third baseman of the Brooklyn Dodgers, announced Saturday night he definitely had rejected an offer of \$100,000 by the wealthy Pasquel brothers for three seasons with the Mexican Baseball League.

Reiser's announcement came after a one-hour conference with Dodger president Branch Hickey who said Reiser had not signed a new contract but was content to string along under his present agreement.

Old Country Soccer  
Birmingham City Wins 3-0  
For League South Honors

BY JOHN DAUPHINEE  
LONDON, May 6.—(CP Cable)—Birmingham City scored a 3-0 victory over Luton Town Saturday to win the hotly-contested League South championship by the barest margin as the United Kingdom football season came officially to an end.

There will be some individual games later but major league teams have completed their 41-game schedules.

Aston Villa played its last game at mid-week, ending with a two-point edge over Charlton Athletic and Birmingham City, and was idle Saturday. Charlton, defeated a week ago by Derby County in the cup final, could have won the league championship if it had defeated Wolverhampton Wanderers but the result was a 1-1 tie.

BIRMINGHAM CITY and Aston Villa each has won 61 points in the final league standing but the former took the championship by 306 in goal average. Charlton ended in third place, one full point behind.

Derby County, held to a 1-1 tie by Chelsea, finished the season in fourth place with West Bromwich Albion fifth, Wolverhampton Wanderers sixth and West Ham United seventh.

The League North championship was decided last week-end. Saturday Sheffield United increased its margin to five points, blanking Burnley 1-0 while second-place

Everton was losing 3-1 to Bury, a team near the bottom of the standing.

Bolton Wanderers, idle Saturday, scored four points farther back, followed by Manchester United, Sheffield Wednesday, Newcastle United and Chesterfield in that order. Sheffield Wednesday lost its last game to Newcastle United 3-2.

THE BIGGEST SOCCER crowd of the day—45,000—was at Ninian Park, Cardiff, to watch Ireland score a 1-0 victory over Wales in an international match.

While the league south battle and the Wales-Ireland international contest drew the most soccer interest, 25,000 fans turned out to see Portsmouth and Bournemouth Athletic score a 1-0 victory over Watford at Stamford Bridge in the third division south cup final.

A crowd of 14,000 attended the Second League North cup final, won 3-2 by Rotherham United against Chester. Rotherham won by an aggregate score of 5-4 in the two games.

In the Scottish victory cup second-round play, Rangers, Celtic, Falkirk, Hibernian and Raith Rovers scored clear victories while games were played by Aberdeen and Kilmarnock, Cowdenbeath and Partick Thistle, and Clyde and Morton.

Canadians Win  
LONDON, May 6.—(Reuters)—A Canadian team defeated Davos champion hockey team of Switzerland, 12-6 Saturday night before a packed house at Wembley Stadium.

## Four Players Signed

Philadelphia Re-Entering  
American Hockey League

PHILADELPHIA, May 6.—(AP)—Professional hockey returns to Philadelphia this year for the first time since 1941-42 campaign.

Peter A. Tyrell, general manager of the Philadelphia Arena, announced Sunday the Arena will resume operations in the American Hockey League this fall.

IT HAD BEEN reported earlier by Leonard A. Peto, Montreal sportsman, that the dormant Montreal Maroon's franchise in the National Hockey League would be transferred to Philadelphia.

The Peto plan, apparently given up when the government restricted use of building material was to construct a new \$2,500,000 sports arena on the site of the old Philadelphia Phillies' baseball park.

TYRELL SAID that "we will spare no expense in putting a team into action that will be a threat in the American League title race."

The Arena, he added, has purchased four name stars at a cost of more than \$100,000 and signed one of last year's outstanding amateurs.

Signed were: Goalie Paul Gaudin, defencemen Peter Besonoe, Louis Labovitch and Al Schewchuk and wing Ed Prokop.

GAUDIN, BESONOE and Prokop were bought from Cleveland Barons, American League titleholders, and Labovitch was bought from New Haven, which has disbanded.

Schewchuk starred last year with Philadelphia Falcons of the Eastern Amateur League.

The Falcons' coach, Herb Gardner, has been signed to pilot the new American League club, not yet named.

Philadelphia was last represented in big-time hockey in the 1941-42 season by the Ice Hawks, who suspended by the war the following year.

Big Six

In Full Swing

LONDON, May 6.—(Reuters)—Cricket was resumed on its peaceful basis as one of Britain's two major sports after an interval of six war years, when the touring team from India and several county clubs had begun their matches Saturday under perfect weather conditions.

The Indians, who will later play a series of test matches against England, opened their tour at Worcester where they dismissed the County eleven for 191 runs and then scored 81 for the loss of three wickets. The third day game will be resumed Monday.

At Lord's, London's historic cricket ground, Surrey scored 364 runs against the Marylebone Cricket Club which had replied with 27 for the loss of four wickets when play ended for the day.

Joining his partner, Bill Jacoby, in the second of two serious spills, Torchy Peden, formerly a Victoria, the "grand old man" of the boards and his young partner, Jerry Rodman were sixth.

REBOLI and Pesek  
Take Bike Race

CHICAGO, May 6.—(AP)—Tino Reboli and Ervin Pesek, who swept from behind in the final day, Saturday night won the 43rd international six-day bike race in Chicago.

The two, far down the list of standings most of the week of continued grinding in the "insomniac derby," swept ahead of Bone Cyr and Mike Abt, leaders the last three days and, despite a bad spill suffered by Pesek in the first hour, stood off challenge after challenge by the second place team to finish out.

Hero of the final hour, however, was Charley (Yack) Yacino, who swept through the final 40 minutes of sprints and jams alone after losing.

## Sgt. Harry Allen to Retire

Veteran Alberta Police Officer  
Ending 32 Years of Service

A veteran police officer with 32 years service in the RCMP and the old Alberta Provincial Police, Sgt. Harry Allen will retire on pension from the Mounties at the end of May, according to an announcement made here Monday by Assistant Commissioner H. Darling, officer commanding "K" Division, RCMP.

Sgt. ALLEN, who has figured prominently in some of Alberta's most sensational police cases, doesn't want to spend a life of leisure after he retires and hopes to be able to make good use of his extensive knowledge of police work and problems.

"I'm not sure yet what I'll be doing, but I certainly don't intend to sit around doing nothing," he said. "However, Mrs. Allen and I are going to splurge on a real good holiday at the coast this summer," he added with a laugh.

His two sons, Ian and Terry, are looking forward to their father's retirement almost as much as he is. The boys, both students at Victoria High school, are hoping that Dad will have more time for going on camping and shooting expeditions with them.

BORN IN ENGLAND 34 years ago, Sgt. Allen came to Canada at the age of 22 and immediately joined the old R.N.W.M.P. at Macleod, Alta., and remained with that force until Oct. 3, 1917, when he left to become a member of the newly formed Alberta Provincial Police.

While stationed at Lethbridge in 1918, Allen, then a constable, won fame by the capture of an armed robber who had escaped from jail while serving a sentence for horse stealing. Cornering the wanted man in a house, the daring policeman entered the building and brought out his man. His only comment on the act which won him official recognition was a brief and modest, "I was lucky."

**TWO YEARS LATER** he was sent to St. Paul to take charge of the police detachment for that area and twice during his seven-year stay there he led manhunt after murder suspects and both times successfully completed the case.

In 1927 he was transferred to Calgary as division H.Q. Sgt. and the following year went to Medicine Hat as NCO in charge of the sub-division comprising the south eastern portion of Alberta. He held that post until 1932 when he rejoined the RCMP on the disbandment of the APP.

Early in 1933 he again proved a ringer for jail breaks when he recaptured three inmates who had made a successful break from the Lethbridge jail.

SGT. HARRY ALLEN

SGT. ALLEN was transferred to Edmonton in 1937 and for the past six years has been on the headquarters staff of K division, C.I.B.

While in Edmonton he has been an active member of St. Stephen's Anglican Church and is a member of the vestry and auditor of the church. He is prominent in Masonic circles, being senior grand warden of the Edmonton Lodge of Perfection, A and ASH, a life member of the Masonic Blue Lodge, a thirty-second degree Scottish Rite Mason, Edmonton, and the founder and first master of the St. Albans Lodge, at St. Paul. He is a past president of the Edmonton Shrine club.

Future plans for the Allen family are somewhat uncertain, but they are going to remain in Edmonton until the boys have completed high school. "After that we may go to the coast to live, but all our friends are here—and Edmonton is a grand place so we may never move," Sgt. Allen commented.

Camera Club Has  
Initial Showing

The first public showing of the newly formed Northern Alberta Camera club opened today in the Edmonton Museum of Arts. The 50 prints exhibited are the work of amateur Edmonton photographers. The public is invited to view the exhibition during the next three weeks.

THE OFFICERS of the club feel that this showing is indicative of the general trend towards better photography in amateur circles. While some of the contributors have done salon work before, a great number are having their first try at this type of work and the results are gratifying to those in charge. It is planned that a member of the club will be on hand each day to answer questions. Visitors are asked to submit their comments and suggestions.

THE DISPLAY was the further objective of allowing the junior members of the club to see what can be done in photography. It is hoped that this will encourage them to improve their technique. The officers of the club are: J. M. Miller, president; R. A. Reid, elected past-president; B. Brown, vice-president. All inquiries regarding the activities and functions of the club should be addressed to M. A. Bormerian, secretary-treasurer, Northern Alberta Camera club, 11213 92 street.

Derailed Tram  
Ties Up Service

Street car service on 107 avenue was interrupted shortly after 8:30 a.m. Monday when a street car left the tracks at 107 avenue and 121 street, stopping the service along the avenue until arrangements were made to run a stub line from the intersection of the avenue and 101 street to the derailed car. Street cars running from 118 avenue and 124 street were re-routed along 124 street and Jasper avenue. Crews from the car barns were quickly at work replacing the derailed car on the line, and normal service was restored about 9:15 a.m.

Young Horsewoman  
Is Injured In Spill

A 15-year-old girl is in the Royal Alexandra hospital here suffering from a fractured shoulder and injured arm following a spill at the exhibition grounds Sunday afternoon. The girl, Edna Braams, of 12431 Stony Plain Road, was taking part in a rehearsal for a formal parade when she fell from her horse. She was taken to hospital by Smith's ambulance and Monday hospital authorities reported that her condition was good. Edna's main worry Monday was not her injuries, but the fact that she will miss taking part in the Edmonton horse show, which opens Wednesday.

## Loses Wallet

Loss of a wallet containing \$120 has been reported to city police by Donald M. Cunningham, 10205 95 street, an employee of the Ideal Laundry Company, who said the wallet was lost late Saturday evening.

## Home Looted

The home of Lucien Bernick, Redwater, was broken into early Saturday and \$20 in cash and a check for \$19 is missing from the premises, according to a report from RCMP.

## Heads B'Nai B'Rith

NIAGARA FALLS, Ont., May 6.—(CP)—Maxwell S. Lewis of Toronto was elected president of the Canadian conference, B'Nai B'Rith Lodges, at the 22nd annual convention Sunday.

Display of Latest RCAF Warplanes  
Attracts Large Throng to Air Base

Latest types of RCAF fighting and other aircraft were placed on display at the North-West Air Command headquarters here on Sunday afternoon so that Edmontonians could see just what the most up-to-date fighting machines look like. THAT THE opportunity was fully appreciated was evidenced by the large throngs that attended. Air Force officials estimated the attendance at about 20,000. Spectators were able to view the planes on the ground and also in flight. In the morning the big planes were seen over the city and they attracted a great deal of attention as they gracefully flew high above the city.

THE SHOW OPENED at the air base at 2 p.m. Long before that hour Kingway was a hive of activity and pedestrians and automobiles by the hundred converged on the main gate. Throughout the afternoon there was a steady procession in and out of the air base, while hundreds went early and stayed late.

Among the airplanes on view were the Lincoln, Meteor, Mosquito, Lancaster, Halifax and Spitfire. All were part of the winter experimental equipment at the base.

equipment which has been given a severe test in recent months.

AMONG THE PLANES were two jet-propelled Gloster Meteors. Also there were Douglas Dakota and No. 1 Air Supply Unit which had been used to take supplies to Eskre Muskox as it moved across the barren wastes of the Arctic.

After the public had been given an opportunity of seeing the planes from the ground, a group of them took off and circled the area near the base. Sqn. Ldr. E. L. Boudoux, DSO, DFC, in one of the Meteors broadcast by radio over a loudspeaker here.

speaker system as his plane left the ground and told of the speed at which he was travelling.

FOR THE FIRST time, private individuals were permitted to take cameras to the base and photograph planes and installations. The situation was developed to the utmost. Hundreds of cameras were in evidence and they were clicking throughout the afternoon. Young and old alike seemed to be enjoying picture-taking. General opinion was that it was one of the finest air shows ever broadcast by radio over a loudspeaker here.

### Rose Sprays 59c

Lovely corsages of roses with dainty ribbons. Yellow, pink, deep rose and red individually gift packaged in cellophane. —Accessories, Street Floor at the BAY

### Edmontonians Get Chance View Moon

An opportunity for an intimate scrutiny of the valleys and hills which make up the features of the "Man in the Moon" is afforded to the citizens of Edmonton who take advantage of the invitation of the University of Alberta authorities to view the observatory on the University grounds 9:30 Monday evening. The telescope in the observatory will be centred on the lunar body weather permitting, whose influence is so romantically responsible for many things here on the tides.

### Minor Mishaps

There were seven minor traffic accidents in the city during the week-end with no one suffering serious injury, while members of the uniform department made nine arrests, including three for breach of the Liquor Act and two on vagrancy charges.

### How to Combat RHEUMATIC PAIN

Rheumatic pain may often be caused by excess uric acid, a blood impurity that should be extracted by the kidneys. If kidneys fail and excess uric acid remains, it may cause severe discomfort and pain. Rheumatic pain may be kept by keeping kidneys in good condition. Get and use Dodd's Kidney Pills. Dodd's helps your kidneys get rid of trouble-making uric acid and excess acid—help you feel better. See what Dodd's can do for you. 127

### Congress Playing Cards 2.00

A useful gift — afternoon bag of simulated leathers and fabrics in underarm and pouch styles. All colors including stripes and florals.

### Lace Trim Hankies 50c

All linen centers and trimmed with dainty lace. White only. each

# The ROAD AHEAD

By HARPER PROWSE, M.L.A.

FOR many months now a storm of protest has been gathering over the delay in the repatriation of the overseas wives and children of Canadian servicemen. Officialdom has answered all complaints with the same, worn-out, time-honored explanation—"no shipping space" and "everything possible is being done." But evidence which has come to my hands recently seems to indicate that the chief reason for the delay is that repatriation officials are better at making excuses for their shortcomings, than they are at getting out and trying to improve things.

**THE MOST** important factor is shipping. That is the chief limiting factor, according to official explanations. The officials would have us believe that Canada is getting all the shipping that is available, in proportion to her requirements. There are reasons for doubting the truth of this statement. Or, if the statement be true, then it is high time that Canada insisted that the Allied shipping pool smarten themselves up a bit. Just a few evenings ago I talked to the representative of a New York shipping firm. Previous to my speaking to him, this man had told a veteran, who has a wife in Holland, that his firm would be glad to send a boat to Rotterdam, or any other port in Europe, to bring brides back to Canada—provided he could be assured of 1,000 or more passengers.

**ROAD REPORTS**  
The roads in Northern and Central Alberta are all reported to be in good condition. All ferries are now operating.

# Edmonton Bulletin

SECOND SECTION EDMONTON, ALBERTA—MONDAY, MAY 6, 1946 PAGE NINE

**WOLF CUBS HOLD RALLY:** Members of St. Mark's 7th Wolf Cub Pack are shown above as they made ready for their entry into the Prince of Wales Armoury on Saturday to take part in the Edmonton Wolf Cub's rally. The six boys in the right hand file from front to rear are: Donald Gardner, Charlie Skinner, Keith Wilson, Joy Allen, Norman Soper, James Marks. In the left hand file from front to back are: Ronald Foley, Gerald LaValley, Raymond Tacy, Gerald Wright, and Connie Nieldyckel. Another member of the pack, hidden in the picture, is Douglas Deakin.

## Youthful Enthusiasm in Forefront At Annual Rally of Wolf Cub Packs

Youthful enthusiasm with colorful Scout and Wolf Cub uniforms and regalia and totem poles symbolized the various packs combined Saturday afternoon in the annual Wolf Cub rally. The afternoon's program consisted of the grand bowl and flagbreak, which opened the rally, inspection of various packs and a series of eight sports events and games. Flag lowering and the "grand bowl", preceded by presentation of awards, brought the program to a close.

**HELD IN THE** Prince of Wales armory, the affair was attended by parents and friends of individual packs. Cubmasters, with some women pack leaders, saw in the program the culmination of weeks of drilling and last minute shining up. Included in the sports events were running relays, book balancing, hopping relay, demonstration jungle dances, knot tying relay, bean bag toss relay and skipping relay. Church packs form all parts of the city were represented at the gathering.

Officiating at the rally were District Commissioner H. Darling, and George Auer, assistant district commissioner (Cubs). The St. Faith's Church second wolf pack, under leadership of H. P. White, was declared winner of the rally with a top score in the various sports of 14 points. Scout with the fourth pack with 12 points, while the 34th pack was third with six points.

**JUDGES WERE** William Whitehouse, District Commissioner Darling, Canon C. F. A. Clough and M. Foley. During intermissions between the sports events, jungle dances were demonstrated by the 8th, 14th and 6th packs.

First place winners in the various sports were the 25A pack, second, 34th, 12th and fourth packs.

## Lad Recovering

Condition of five-year-old David Olson, 10132 79A street, was said to be "good" by authorities at the University hospital here Monday. The youngster suffered a fractured skull and facial lacerations last Thursday when he was knocked down by a car driven by Francis Friel of Ardrossan. David is said to be making rapid progress.

## Animals Essential Item For New Film

Hollywood is temporarily stumped and the humble, slow-footed ox is the reason.

"MY KINGDOM" for an ox—or rather for two oxen—"is the best-selling public entry of R. M. Monroe, assistant production manager for Paramount Pictures Inc., soon to start shooting technical picture in Jasper National Park, starring Bing Crosby and Joan Fontaine.

Mr. Monroe was at the Macdonald hotel Monday following his return from Jasper where with business manager Hugh Brown of Paramount, he made preliminary arrangements for accommodation of the cast and technical crews who will make the film.

"WHERE, OR WHERE can we get a team of oxen and a Victoria buggy?" was the first question the train will take but he believed it would go by way of the Pacific coast.

Work on the picture is scheduled to start May 24 and when it will be finished is anybody's guess as weather and many other factors enter into such calculations. Paramount will be on the location for several weeks at least.

**THE COLORED** picture is tentatively titled "The Emperor's Waltz" and Jasper Park was selected as location because of its natural resemblance to the Alps of the Tyrol, in which country the film story occurred.

As Jasper Park Lodge does not open until June 1 arrangements for accommodating the Hollywood cast and technical crews in hotels in Jasper town for the first week, had to be made by Mr. Monroe.

The production man is also looking for a couple of modern trailers for transporting the stars to sites of the film shooting. They are finding such trailers hard to locate too.

**SOME OF THE** picture scenes will be filmed on the shores of Maligne Lake.

Pete Nouille, head of Jasper Park Tours Inc. is in charge of transportation for the Paramount picture troupe.

## Special Evangelistic Services

At **WESLEY UNITED CHURCH**  
Conducted by Rev. J. R. Cox  
Every Evening, May 6th-12th—8:00 p.m.

## Repatriation Plan Support Is Sought

All Legion branches in Alberta, Saskatchewan, Manitoba and B.C. will be circulated on the question of chartering an ocean liner for mass repatriation of war brides and dependents of Canadians in Britain and continental Europe. It was decided at a meeting of interested personnel held in the Memorial Hall Sunday.

**THE MEETING** was held under the chairmanship of Harper Prowse, M.L.A., chairman of Edmonton's Legion branch No. 24 repatriation committee.

Mr. Prowse told those in attendance of negotiations with a steamship firm in New York and the information made by the officials of the firm to provide a ship for the brides and dependents provided the dependents could guarantee 1,000 persons for the voyage.

**NO REPLY HAS** as yet been received from department of veterans affairs in Ottawa as to the financial arrangements the government would make in case a vessel is chartered.

Thirty-two veterans with wives and dependents still overseas turned in particulars concerning themselves and their overseas dependents at the meeting. Similar information is being sought from members of other Legion branches in the west.

**Found Dead**  
Calvin White Bennett, Imperial Oil Company employee at Minburn, was found dead at his home soon after 3:30 a.m. Saturday, according to RCMP. Police said he had overturned a truck prior to being found and that a note, saying he had attempted to commit suicide in the truck but had failed, was found near the body.

**Church Observes 36th Anniversary**  
The Rev. Dr. W. G. Wilson, Victoria, B.C., took the pulpit as guest minister at Robertson United Church on Sunday for the church's 36th anniversary services, and delivered two stirring messages of hope to an overflowing congregation.

**IN HIS MORNING** sermon, Dr. Wilson gave his congregation proof of the pinnacles of hope that remain for Christian people today.

"Christ still stands supreme," he said, and quoted some of the world's greatest leaders who proclaimed that their inspired leadership has come through faith in God.

The cross still stands. The cross of sacrifice is embodied in the thousands of white crosses dotting the battlefields in Europe.

**THE CHURCH STILL** stands. Today people are looking to the church more and more for comfort in their trials.

"These proofs of Christian faith," said Dr. Wilson, "show undoubtedly that God is still supreme and waiting to help the weary and the troubled."

A message equally as inspiring was delivered to the young people by Rev. Wilson in his evening address.

Referring to the terrific war upheaval that is affecting the lives of all today, the speaker advised the youth to set an objective, based on their abilities and preferences and live to it.

**HE DECRIED** the current talk that young people are worse today than they used to be. "I believe a finer, more courageous generation never walked the face of the earth," he said.

"Decide what you are going to be. Have faith and live at peace with God. In these hysterical days this is the only way to live."

**DR. WILSON** who spent a year as pastor of Robertson Church on the departure of the late Rev. J. Gordon Brown for overseas in 1941, was assisted Sunday by Rev. Dr. Murdoch MacKinnon, the present minister. Special choral music, conducted by Prof. J. Reynolds, musical director, was rendered by the choir.

## The Inquiring Reporter

**THE QUESTION**  
What are you doing to further the clean-up campaign now under way in Edmonton?

**THE ANSWERS**  
**HORACE TREMBLAY**, repairman: You've asked the wrong guy. Ever since I've been out of the army I've been looking for a house with a frontage and a garden, but all I can find is a garage of three rooms. Naturally, I think a lot of cleaning up should be done but as you can see it isn't my responsibility.

**DURBAN CARTWRIGHT**, transporter: I expect to move to Edmonton in the near future and certainly from what I've seen there is need of a big drive to clean the rubbish off the river bank and also the city lanes. If I get here in time I will dig in and do my part.

**ORVILLE CANNES**, salesman: Edmonton sure has a good idea in flushing the streets with power water sprayers. I think the present number of tanks should be increased and spraying done often. Don't worry, I know my back yard clean at all times whether there's a drive or not.

**Premier Ernest Manning** will be the guest speaker at a meeting to be held in the Social Credit Hall, 1010 Jasper Avenue, on Tuesday at 8 p.m. His topic will be "The Alberta Bill of Rights."

## Swanky RIDING BOOTS of Brown Calf Leather

The 1946 fashion trend is toward the higher type of past seasons.

- Over-the-ankle style, as illustrated, made from fine quality soft tanned brown calf—plata toe—twain strap and buckle.

### DOROTHY DIX SAYS

## Should Be Broad-Minded Yet Give Advice on Boys

Father, Should Attempt to Teach Daughters About Men and How to Pick Out Husbands and Keep Them After They Get Them

These lines are addressed to the fathers of young girls: Listen, Pop, have you ever thought about being anything but a cash register to your girls? Have you ever tried to help them shape their lives so as to get happiness out of them? Have you ever attempted to teach them anything about such and how to pick out a husband and keep him after they get him?

Ninety per cent of the fathers in the world would have to answer NO, if they replied honestly to these questions, yet they adore their Sallys and Susies and work them pretty clothes and give them good times, but they don't try to understand them, or guide them. Every father, worthy of the name, feels it his duty to give his girls a hand up at the beginning of their careers, but he expects his girls to be self-starters. Indeed, instead of helping them, he so often handicaps them by his antiquated prejudices and petty tyrannies and personal selfishness that they can't compete in the race with girls whose fathers are helpers instead of hindrances to them.

TAKE, for instance, popularity, which is not only a matter of pride and happiness to a girl, but one of the main factors of her success in life. Every girl wants to be admired. She wants to be sought after. She wants to be liked. She wants to grow brighter at her coming.

But this can only happen to her if her father co-operates with her. If he is one of the puritanical parents who believes that his daughter should never go with the school crowd, or to a movie without Mama holding her hand, or have a date until she is so old she is almost on crutches, he is not only embittering her young life, but he practically dooms her to old maidenhood.

For he has put her out of the running. She belongs to no set, and she is utterly ignorant of the technique of handling boys. And the same thing happens to her if Father refuses to give up his favorite chair in the living room when Sally has a beau. The boys never come twice to a house where the girl's parents sit around and listen from Northern Iran, as an aid to French recovery. The dispatch gave no further details.

in to their artless conversations. Any father who doesn't want a houseful of spinster daughters has to write welcome on the door and make himself scarce.

AND ANOTHER thing, Dad, do you ever think that if Sally marries a drunken, good-for-nothing, that it is largely your fault? From the time she was a little girl in pig-tails have you talked over the boys she played about with her and pointed out to her the traits by which she could tell a real man from a phony?

Do you make it your business to get acquainted with all of Sally's dates and wise her up as to which ones drink too much, which are skid-chasers, which are ne'er-do-wells, and which have brains and character and would be safe to tie to? Or do you wait to be introduced to your future son-in-law at the foot of the altar, when it is forever too late to save Sally if she has made a bad choice?

Fathers don't realize it, but their influence over their daughters is far more potent than their mothers because the girls know that Father has seen more of life than Mother has and is a wiser guide among its pitfalls. No girl is so safe as the one who has always chummed up with her father.

### Minute Make-Ups

It's you all of the time—but it should be you at your Prettiest! A Minute here, a Minute there for those extra touches will give you that look of Perfection. So, study your best points and your worst—play up the one and play down the other!

## Why Grow Old?

by Josephine Lowman

Josephine Lowman offers an exercise for re-ducers in her column today but suggests you may prefer to start with this one Actress Jane Harker is doing. It's less strenuous because you bend only your knees up to the abdomen and then unbend them as you return them to the floor.

Do your exercises. Do them every day. Do your exercises. Do them in the Lowman way.

All your friends will ask you, "How'd you get that way?" Then you'll smile and tell them, "With a little bend and away."

DIET IS AN absolute necessity if you have pounds to lose but exercise is also essential if you wish to distribute your weight symmetrically. Today's exercise is an abdominal and hip reducer. Lie on the floor with your legs straight and your arms on the floor a little out from your legs up to right angles to the body. Keep the feet together and the knees stiff as you make circles in the air with your legs. Make the circles as large as you can. Circle a few times in one direction. Rest. Circle in the opposite direction.

This is a fairly strenuous exercise and if you are unaccustomed to gymnastics save it until you have done a few of the easier ones for a week or so.

The way you do an exercise is important. For instance, when directions call for keeping the palms on the floor while doing an exercise you should endeavor to do so. This may make a big difference in the way you work and pull on your muscles. When directions say to keep the knees stiff you should do so even though you may not be able to execute the rest of the exercises as well

in this manner. There is a reason for such advice.

ALSO REMEMBER that the stretch in any exercise is important and that your motions for beauty and health should be done in a rhythmic manner rather than in the old-fashioned, jerky manner.

If you have a few pounds to lose you can do so in short order, if

you wish to have my "Nine Day Reducing Diet," (doctor approved) which gives you a loss of from five to ten pounds in nine days' time send a stamped, self-addressed envelope with your request for leaflet No. 39 to Josephine Lowman in care of this newspaper.

Released by The Register and Tribune Syndicate, 1946.

### Navy Calling For Radio Artificers

OTTAWA, May 6.—(CP)—Radio artificers to maintain RCN wireless and long-range radar navigation stations on the Atlantic and Pacific coasts and inland are being sought to bring the complements of the stations to full strength, naval service headquarters announced last night.

### Grace Moore May Join R.C. Church

ROME, May 6.—(CP)—Grace Moore, American soprano who announced Thursday she was "seriously contemplating" becoming a Roman Catholic, was received in an audience by Pope Pius Saturday. Miss Moore made her Italian debut in a concert Friday night.

## Points for Parents

By EDITH THOMAS WALLACE

Not This. Mother: "I hate to have you grow so fast! I hardly know the great big girl you've become. Where has my dear little curly-headed daughter gone!"

This. Mother: "It's lots of fun to watch you grow. I thought I couldn't love you more than I did when you were a baby—but I love you more every day."

Showing a child we appreciate and enjoy each stage of his development makes him feel accepted and secure.

## Your Baby And Mine

By MYRTLE MEYER ELDRED

This column will be devoted to letters that came without names or addresses. I so appreciate a signed letter.

BUSY MOTHER: There are innumerable reasons for bed-wetting and they differ when the child is under 4 and over that age. One can't, in my small column, cover all the causes, but emphasize only the ones that seem to be pertinent to the age of the child asked about.

Our leaflet No. 38, "Bed-Wetting," covers the non-medical causes and may be had for the usual self-addressed, stamped envelope. It is often a bladder weakness than a kidney ailment that is responsible.

MRS. H. M.: Your boy needs the help and services of a psychiatrist. He or she will be able to uncover, by examination and discussions with the child, the reasons for his pathological fears. No one can tell you why he carries such a burden. Has he been frightened by silly threats? Is he fearful of being punished and demands your constant company so he will make no mistakes that might lead to punishment? You really told me nothing but the problem in your unsigned letter and answers cannot be helpful unless related to the person, his care and treatment and environment. Do consult someone who can be personally helpful in this unusual case.

MRS. A. P. L.: You answered your own letter when you said that the use of plastic and non-absorbent protectors for your baby had had no unhappy results. That's all there is to it, then. The mother who wrote in about the use of these described the results, which in her case were not ones to be applauded.

The use of a protective covering over diapers can be harmless if the mother is careful about changing the wet diapers promptly, and washing the diapers properly. They can be an invitation to carelessness. That is what misses emphasis.

No doubt you have missed the columns which suggest burping the baby twice at least during, and always at the end of, a feeding. You are right that this is important.

Our leaflet No. 4, "Information for Nursing Mothers," may be had by sending a stamped, self-addressed envelope with this request to Myrtle Meyer Eldred in care of this newspaper.

### Little Fabric

By ALICE BROOKS

One yard makes this gay and protective apron! The embroidery is simple enough for any child's first piece. What a welcome gift! Costing practically nothing to make, this apron's lovely. Pattern 7302 has a transfer of embroidery; pattern pieces, stitches.

Send twenty cents in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street, W., Toronto 1-A, Ont. Print plainly name, address, pattern number.

### Winnipeg Fears

#### Shortage of Coal

WINNIPEG, May 6.—(CP)—The prevailing belief of Winnipeggers that all the city's fuel supplies come from Alberta mines was given a hard jolt Saturday. A. E. Hargrove, president of the Winnipeg Coal Exchange, speaking of the present coal strike in the United States, said "over 100,000 tons of American coal and coke are brought into Winnipeg each year." He warned that "unless the U.S. mines get back into production quickly there is grave danger that the supply of imported coal for this area will be greatly reduced."

## Business Opportunities 12 Rooms for Rent 16</

**MOON MULLINS**

WHY DON'T YOU GO ASK FATHER WHY HE SINGS THEM CLIPS TO YOU, MOON?

I DON'T LIKE THE WAY HE SINGS THEM CLIPS. HE WAIT TILL HE PUTS.

ROSE TELLS ME YOU'RE SUCH A SNEAK WHEN YOU ASK ME. I'M SURE YOU'VE GOT BY ROSE.

WHY WE LIVED WITH MY WIFE'S RELATIVES.

WELL...

BUT DON'T YOU GO GETTING ANY NUTS IDEA THAT YOU'RE GOING TO DO LIKE THAT?

**GAS ALLEY**

YOU'RE A GOOD TRADER. IT WOULD BE A SURE USE THAT TRUCK. SO MUCH.

WHADA YA MEAN, TRADER? WHAT DO HE TRADE FOR IT?

OUR GASOLINE LAMP MOVER. HE SWAPPED IT FOR A MOTORCYCLE, TRADED THAT FOR A SODA FOUNTAIN, AND AGAIN FOR BUILDING MATERIAL. HE ENDED UP WITH THIS TRUCK.

NOT BAD! I HATE TO HAND IT TO YOU.

NOW WE'LL BE ABLE TO HAUL FURNITURE BACK AND FORTH FROM THE GLOMANA HOTEL, WILMER.

HERE'S MY HAT, BLONNY, TRADE IT UP INTO A CONVERTIBLE COUPE. WILL YOU?

**TOOTS**

HOW DO YOU FEEL TODAY, BILLY?

HE'S GETTING WEAKER BY THE HOUR, CASPER! I'M TERRIBLY WORRIED.

THAT'S A NEW ONE, TOOTS! A TOTAL STRANGER DROPS IN TO USE OUR PHONE—GETS A HEART ATTACK—TWO SICK TO BE MOVED—AND NOW I'M STUCK WITH HIM.

HOW I WISH YOU HADN'T LET HIM IN, CASPER—AT LEAST, I'M GLAD HIS WIFE CAME HERE TO TAKE CARE OF HIM.

TRILLY WE WERE SLEEPING ON A BENCH IN THE RAILROAD DEPOT UNTIL I THOUGHT OF THIS "SICKNESS GAG" TO GET IN HERE. WE COULDN'T FIND A HOUSE, APARTMENT, HOTEL, ROOM, BARN OR CHICKEN COOP FOR RENT IN THE WHOLE TOWN.

**HAROLD TEEN**

JUST LEFT LILLIAN'S STATION!

DON'T TAKE SO HARD, SON!

I'M AFRAID SHE'S LONGER AT CENTER CITY!

THAT AIN'T NO WAY TO "HEED" IT.

THEY GOT A BIG BOY'S SCHOOL AT CENTER CITY, AND...

UHP? —TH GUYS OUT—NUMBER 27—GALS TEN TO ONE!

**TILLIE**

GOSH! I HATE TO THINK LILLIAN'S HAVING HALLUCINATIONS.

YOU DID HAVE A MAMMOTH SLEET! GOURD DIDN'T YOU LIVE IN HIS SUBJECT?

BUT THE NEXT ONE WON'T BURN DOWN! I'LL HAVE IT FREE PROOF!

AND IT'LL BE TWO STORIES HIGH WITH AN ATTIC!

**DOTTIE**

LAUNDRY!

OH, YOU'RE EARLY!

I'LL BE READY IN A JIFFY! I HAVE TO GET THE SHEETS OFF THE BED UPSTAIRS!!

MAILED!

**AROUND HOME**

I BROUGHT MINNIE SOME FLOWERS DO YOU THINK SHE'LL LIKE 'EM?

SURE WOMEN ALL LIKE FLOWERS.

HOLD 'EM UNTIL I SUIT OFF MY MOTOR.

FREDDIE! HOW SWEET OF YOU TO BRING ME FLOWERS!

GOSH! CAN'T WE TALK THIS OVER?

**NANCY**

I KEEP DREAMING THAT I'M STANDING ON MY HEAD—IT'S VERY ANNOYING.

LOST FOREST: A WILD GAME REFUSE AND OUT DOZE INDRIDGE OWNED BY KINDLY.....

DR. TOM DAVIS WHO IS STRIVING TO PREVENT THE EXTINCTION OF OUR ANIMALS AND FORESTS WITH HIM IS HIS DAUGHTER.

BARTON McBLANE WHO WANTS LOST FOREST BECAUSE HE'S SECRETLY LEARNED OF AN ENORMOUS GOLD DEPOSIT IN ITS TREES. DAVIS FROM GETTING HIS MONEY HE SENDS...

CHERRY AN OUTDOOR GIRL WHO IS HELPING HER FATHER IN HIS WORK UNKNOWN TO THEM THEY ARE BEING SECRETLY DEBAUCHED BY WEALTHY...

BRANDY HANSON TO BEAT ANY BEAR MARK TO PHOTOGRAPH!

**MARK TRAIL**

MARK TRAIL AN OUTDOOR PHOTOGRAPHER AND WOODS MAN, HOPES TO TAKE BEAR PICTURES THAT WILL WIN BIG MONEY AND BARE...

**DICK TRACY**

MY DOGS ARE KILLING ME! WHY DID I WALK 5 MILES OUT IN THE COUNTRY WITH YOU?

AND FOR HEAVEN'S SAKE QUIT PLAYING WITH THAT OLD BOOT! HEEL YOU FOUND, YOU'RE LIKE A LITTLE KID.

OUCH! THEM DAD-BURNED TACKS STUCK MY FINGER.

SO YOU SENT THE REAL MORTIMER BACK TO ARIZONA ON THE NEXT TRAIN, EH? WELL, GET HIM BACK HERE AS FAST AS YOU CAN! UNDERSTAND?

**"WHAT NEXT CORPORAL HARGROVE?" Capitol**  
With ROBERT WALKER, KEENAN WYNN AND JEAN PORTER

THIS IS A STEAL FROM SAMSON AND DELILAH.

HOW AM I GOING TO CONQUER THE RED FLAG? IF YOU DON'T COOPERATE?

IT SEEMS TO ME HE'S DONE EVERYTHING BUT LIE DOWN AND DIE FOR YOU.

IF ANYTHING WILL LOWER YOUR RESISTANCE, SUPERMAN, THIS "HEALTHLESS COCKTAIL" SHOULD IT CONTAINS ASSORTED ACIDS, GROUND GLASS, AND A SUPER-CHEMICAL WHICH EXPLODES WHEN SWALLOWED.

DRINK! (IS-GULP!) DO YOU THINK I SAW THAT?

ASIDE FROM MY LECTURING HERE AT NORTHWESTER, ETC. DO WHAT I CAN TO HELP YOU RECOVER FROM STOLEN JOY.

WHO OTHER THAN YOURSELF AND HIS TWO REFLECTED STUDENTS, HE ALSO STUDIED THE MYSTERY ON MY ROSE.

DR. CLAMT, HE IS CARRYING THE TWO REFLECTED STUDENTS, HE ALSO STUDIED THE MYSTERY ON MY ROSE.

WE'VE HERE, 25 YOUR PHONE A PARTY LINE.

JUST CURIOUS, IF YOU DON'T MIND, I'LL SHOW OFF NOW.

NOT A WORD OF THIS TO MY MOTHER, I'LL HOLLER HUNT TO SPILL MY FREAKING ARREST.

**RIP KIRBY**

OH-A NEW KID! HEY, WANNA PLAY MARBLES?

WELL, THEN HOW ABOUT A GAME OF BALL?

NO BALL FOR ME.

WHAT'S THE MATTER WITH YOU, THISSY? WHAT KIND OF A BOY ARE YOU?

A BLIND BOY.

CONFIDENTIALLY, SCREWBALL! THIS ANYWHERE!

SEZ YOU! I'M GONNA CAMP HERE TILL HILDA TAKES OFF HER BOKING GLOVES.

HILDA STILL REFUSES TO SEE LARD, DESPITE HIS EFFORTS TO MAKE AMENDS FOR KICKING HER DURING WOMAN-HATING WEEK. BUT LARD IS TRYING NEW TACTICS...

HECTOR, JUST WHY WON'T YOUR SISTER SEE ME?

FRANKLY, PAL, SHE SAYS YOU'RE GETTING TOO FAT!

SHE SAYS YOU'RE NOT STREAM-LINED—AND YOUR STOMACH ACHES THE BATTLE WITH YOUR CHEST!
